

PORSCHE DESIGN

The new collections combine the best of the two Brands
and feature a perfect fusion between design,
function and craftsmanship.

Porsche Design engineered and manufactured by Bric's.

Two Brands with a Rich History and Unique Heritage

Stuttgart/Como. Porsche Design and BRIC'S are into a long-term partnership to bring exclusive lines of bags, luggage, and small leather goods to the market. Both brands unify rich histories rooted in a family business and unique heritage, making each of their products exceptional. The new Collections combine the best of the two brands and feature a perfect fusion of function and craftsmanship. The collaboration fuses Porsche Design's functional design philosophy and engineered mindset with BRIC'S fine craftsmanship and manufacturing competence. Combining the heritage of the two brands, the Porsche Design Collections reflect innovation and high quality.

Porsche Design was founded in 1972 by Professor Ferdinand Alexander Porsche - the designer of the legendary Porsche 911. His credo "*if you analyze the function of an object, its form often becomes obvious*", and the associated design philosophy can still be seen in all Porsche Design products. Every article stands for extraordinary precision and perfection, engineered passion, and seamlessly combines intelligent functionality with pure design.

BRIC'S, established in 1952 by Mario Briccola, is a family-owned business. The Italian travel brand is known worldwide for its exceptionally designed travel and fashion accessories with 70 years of industry expertise, history, long-standing regional roots, and passion. BRIC'S stays true to the values of the Made in Italy culture and philosophy, which is a part of the company's inner soul and evident in every detail and production site, giving life to each product.

The Porsche Design Collections express the commitment to high performance, thanks to characteristics that are developed in each item. The products are strong yet lightweight thanks to a superior choice of materials, with maximized volumes through construction details in the suitcases and backpacks while the leather goods receive additional elements oriented towards comfort. A deep knowledge of the product and many years of passion in production meet minimal design and durability across the Collection. The model range features a selection of Aluminum and Polycarbonate hard luggage, bags, backpacks, and small leather goods, ranging from business to leisure-inspired products.

PORSCHE DESIGN

ALUMINUM COLLECTION

ROADSTER ALUMINUM

Welcome to the New Porsche Design Aluminum Collection.

Imagine a Trolley Collection that could represent stability and safety, designed to express sportiness and elegance: Aluminum is the perfect material.

The most clean and puristic structure, inspired more than ever by Porsche cars.

The front pattern is inspired by the aerodynamic shape of the 911, the wheels recall the original Porsche classic design: indicating performance and vigour.

Manufacturing perfection Made in Italy.

Lifetime warranty on the wheeled items.

TROLLEY HANDLE

Ultralight multistop aluminum tubes, mechanically strong and stable. Ergonomic handle with grip and Porsche Design logo.

FLAT LEATHER HANDLE

Flat and ergonomic top & side handles, made from smooth genuine leather. Carefully designed to integrate soft touch

TSA LOCK

TSA-approved combination locks. The default combination is **9-1-1**, inspired by the iconic Porsche 911 car.

**CUSTOM-DESIGNED LOCKS**

The case can be closed securely and precisely with two snap locks and a TSA-approved combination lock. Opening it, using the slider of the TSA lock, produces a rich sound that is reminiscent of the closing of the driver's door of a Porsche Car.

WHEELS

Ergonomically designed with performance enhancing ball bearing spinning wheels, roll effortlessly and silently, swivel 360-degrees. Large tire for better stability. The wheel assembly is housed in a recessed area, reducing its protrusion and increasing the volume of the suitcase. The shape recall the original Porsche classic wheels design.

Designed with the elegance and strength of the Targa bar. Stabilizing frame.

Strong shape lines and partially contoured surfaces characterize the front face.

No visible rivets or traditional corner pieces, but bold shape lines and dynamic creases that deepen and fade along its front and sides instead. The partially contoured surface of the Roadster Aluminum trolley mirrors the aerodynamic elegance of the 911.

Made from anodized aluminum, characterized by a sleek, glossy finish that enhances the aesthetic appeal.

The anodizing process enables bright and most of all the durability.

Care instructions: clean delicately the stained area with a soft and dry cloth. For stubborn stains, use a mild soap solution or specialized cleaner for aluminum surfaces. Avoid using abrasive or harsh chemicals that could damage the finish.

Although aluminum is durable, it's still susceptible to scratches. Always store your suitcase away from sharp objects and use a soft cover to protect it during travel.

CUSTOM-MADE COMPONENTS

To optimize functionality and design elements elevate form to function.

Concave rib design expresses quality and innovation.

Concave corner and edge design improve impact resistance.

DESIGNED FOR PERSONALIZATION

Complementary accents.

Set in leather plate, available in silver or black color, for monogram.

Hanging leather tag with aluminum detail, tone on tone with the case shell.

Playful touch placing the animal stickers, inspired by concept Porsche cars.

Specially designed booklet.

Made in Italy

ROADSTER ALUMINUM COLLECTION IS ENGINEERED
AND MANUFACTURED IN ITALY

DOUBLE DECK

Trolleys feature double deck. The interiors are roomy, divided into two separate compartments, with functional pockets and compression system. Both functional pockets and compression system assure the highest versatility. In the largest compartment there are both adjustable webbing straps and a removable divider for a better internal organization. Lined with tear-resistant polyester fabric. A practical addition is the zipped bag included inside the case.

PROTECTIVE COVER

Protective cover with Porsche Design logo. Made from high quality elastic neoprene, functional and stylish. Protects hardcases from scratches and dust.

ROADSTER HARDCASE

The Roadster Hardcase Collection introduces a new level of lightweight, combined with a bold new design. When it comes to travel, lightness and capacity are essential.

The front pattern and the wheels are inspired by the Porsche classic design: indicating performance and vigour.

Crafted from polycarbonate, the collection combines flexibility and durability, offering two distinct finishes: matte or glossy, in colors inspired by the automotive world.

The design is accentuated by the Porsche Design logo, while the interior features a Porsche Design hexagon pattern.

This collection takes the commitment to high performance to an entirely new level.

Lifetime warranty on the wheeled items.

The front pattern and the wheels are inspired by the Porsche classic design. The shell is made with lightweight polycarbonate. Lining: polyester fabric with heat printed Porsche Design hexagon pattern. Care instructions: clean with a non-abrasive detergent cream for hard surfaces.

TROLLEY HANDLE

A robust multi-stop trolley system, featuring specially designed slim tubes, with an ergonomic handle, lift the trolley to the highest performance level.

FLAT LEATHER HANDLE

Top and side handles are made of genuine leather, comfortable and elegant, durable and ergonomic for easy carrying.

EXPANSION

The expandable zipper can increase the depth of the products by 4 cm / 1,5".

TSA LOCK

A double coil ultra-secure zip and TSA-approved lock with combination, to protect from potential intrusion.

SECURITY ZIP

All models are equipped with an ultra-secure zip. This closure system is resistant to intrusion, ensuring an excellent level of security in case of attempted theft. It also ensures a greater level of capacity in case of maximum filling of the bag.

WHEELS

Specially designed wheels for the most lightweight and silent run, with ball bearing for added traction and shock absorption. Large tire for better stability. The wheel assembly is housed in a recessed area, reducing its protusion and increasing the volume of the suitcase.

ROADSTER LEATHER EVO

The Roadster Leather Evo Collection is designed for high-demanding professionals, combining refined details with optimal functionality. Crafted from soft, full-grain leather and featuring a modern, clean design, it meets the highest expectations. Each piece offers spacious compartments, front pockets for easy access, and padded, webbing-secured laptop sleeves—perfect for commuters and executives. Expandable and side pockets provide ample space for personal items, while backpacks include hidden anti-theft zippered pockets to keep valuables safe and accessible. Business organizers feature flat pockets, pen loops, a key hook, and zip pockets for daily essentials.

The collection's adjustable shoulder straps, top handles, and back trolley sleeve ensure ease of use.

With bags and backpacks in various shapes and sizes, each piece highlights the luxurious full-grain calfskin, offering a unique aesthetic and premium quality.

URBAN ECO

Designing functional bags that are both trendy and stylish, while also made from luxurious materials, is no easy feat. The Urban Eco Collection rises to the challenge, redefining style and functionality for everyday use and commuting in today's world of work, business, and travel. It showcases innovative design that perfectly meets the functional demands. The water-resistant recycled polyester fabric is accented with rubber, ensuring the exterior is both abrasion-resistant and weatherproof. Unique trims and black hardware add the finishing touches. Catering to the needs of discerning professionals, features include durable, water-resistant outer materials, zips to secure tech devices, spacious two-way zippered flap openings, dedicated laptop compartments, additional pockets for organizing daily essentials, ergonomically designed padded shoulder straps and backs, trolley links, add-on pouches, and more. A standout feature is the detachable rain cover, conveniently hidden beneath the bottom panel of the backpacks. Each item ensures secure closure with an elastic loop for zip pulls. All items come with a Porsche Design branded recycled polyester dust bag.

RECYCLED FABRIC

GRS is recognized as the most important international standard for the certification of textile products. This certification guarantees that the products are made with reused fibers, in a responsible way towards the environment. Urban Collection is made from recycled polyester and coated fabric, in compliance with stringent quality criteria.

MATERIAL

Technical rubber material blended with recycled polyester fabric, with metal details. Lining: polyester fabric with PD icon hexagon heat print on black color. Care instructions: clean delicately the stained area with a soft and dry cloth. In case of greasy or persistent stain, use a small quantity of gentle degreaser. Do not use benzene or alcohol based products. Avoid ironing.

REFLECTIVE AND WELDED POCKETS

The Collection features workmanship details like the smart pockets to accommodate small items to be reached quickly. Clean and reduced welded pocket with waterproof zippers. The reflective stripes ensure visibility and security.

CHARGING CONNECTION

USB and USB-C plugs with internal pocket for power bank.

CUSTOMIZABLE ZIP PULLER

The zipped top pocket can be personalized by changing the color of the puller. Every item that features this customizable detail, comes with additional pullers, in 5 different colors.

SECURE

Back hidden pocket. Elastic loop for hooking specially designed pullers, anti theft.

DEDICATED SPACES

Many multi-function compartments including a padded laptop and tablet sleeve, secured with webbing and branded rubber to avoid damages on techs, and inside organizers with dedicated slots to storage daily essentials.

Symbols

- Recycled materials
- Trolley sleeve
- Shoulder strap
- USB connection for battery pack
- Water repellent
- Integrated raincover

Colors

- 001 Black
- 006 Blue

TYPEPLATE PRINT

Automotive inspired additional print, gives a distinctive look to every item. The coordinates take to Studio F.A. Porsche in Zell Am See, Austria, where it all started.

RECYCLED DUST BAG

Every item has an additional dust bag, made from recycled polyester, with printed Porsche Design logo.

ERGONOMIC DESIGN

To ensure high wearing comfort, the Collection features thought-out details like the padded ergonomic back, the padded shoulder patch, the mesh on both back and shoulder straps and trolley sleeve.

RAINCOVER

Integrated cover, hidden in the bottom of the backpack and removable, gives an additional protection. The fabric is water and abrasion proof. Wrapping it on the backpack, the cover is fixed with the elastic at the edges. Reflective PD logo.

CARBON

Luxurious and exceptionally durable: the Porsche Design Carbon Collection.

In the realm of sports car engineering, where acceleration, speed, weight, and safety are key, carbon is an essential material. With its minimalist design, the collection is crafted with expert knowledge of woven Carbitex carbon fibers, paired with premium smooth leather. Bold hardware elements and the subtly placed Porsche Design logo in a gunmetal finish complete the collection with a touch of refined elegance.

Focused on functionality, each bag features dedicated compartments for laptops and business or travel essentials. The weekender, which has earned a Red Dot Design Award, is the standout piece in the collection, making a bold statement wherever it's used.

The Carbon Collection stands as one of the iconic highlights in the Porsche Design range, unmistakably carrying the brand's signature design DNA.

MATERIAL

Carbitex Carbon fiber, smooth calf leather details. Lining: polyester fabric. Care instructions: clean surface with a soft, damp cloth. To clean and protect leather parts, please use leather conditioner for matte finish.

CARBITEX CX 6 FIBER

Compatible with manufacturing methods, this material boasts extreme flexibility and resistance. It has the highest strength and lightweight, so the performances of the products made in Carbitex Carbon fiber are extraordinary.

LINING

To improve resistance and comfort, this Collection features special polyester tear resistant fabric, with heat printing Porsche Design logo on black color.

**LEATHER DETAILS**

This Collection is the fashionable choice. The unique look of carbon fiber is highlighted by the genuine soft leather details that gives additional value.

LEATHER NAME TAG

High quality leather nametag with Porsche Design look. Sold separately.

CUSTOMIZABLE

Add a personal touch with the heat printing of the initials.

Art. OAC09000.001

Size: 5,5 x 8,5 cm - 2.2 x 3.3 inch

SHOULDER STRAP & TROLLEY SLEEVE

Length-adjustable shoulder straps, feature padded area. Easy to loop the bags on the trolley handle by the strap.

**SMALL LEATHER GOODS**

The Carbon Collection wallets combine the high-quality properties of carbon with striking yet elegant appearance. Nappa leather enhances the fiber patterns of carbon and completes the design. Compartments for cash, many credit card slots and ID size pockets make this Collection smart and functional. All the small leather goods are RFID protected.

IN COLLABORATION WITH
SECRID

PORSCHE DESIGN X SECRID

This Collection offers the perfect Miniwallet for quick and easy access to your cards, ID or banknotes. Made from real leather with aluminium Cardprotector inside, they fit every pocket.

This luxurious design may be compact in size but it's surprisingly large in storage capacity and is the safest and most stylish way to store cards.

The successful Secrid range is now reimagined especially for Porsche Design while the elegant new look stays true to the iconic original. The Porsche Design logo adds another layer of style to this everyday essential accessory.

Secrid products have the card pop up function, a patented mechanism that means the cards can be slid out with one simple motion, making them quick and easy to access. An additional cash compartment and card slots complete the functionality.

This strong and elegant iconic style is available in 6 colours that match the Roadster Hardcases Collection.

All items are RFID protected.

Every item will be delivered in an elegant Porsche Design branded box.

MATERIAL

Genuine soft full grain calf leather. Care instructions: clean delicately the stained area with a soft and dry cloth. In case of greasy or persistent stain, use a small quantity of neutral wax or a leather cleaning product on a soft cloth and rub delicately. Then polish with a clean and dry cloth. The leather may fade, first try the cleaning product on a hidden part of the leather. If the product is in contact with water, remove the liquid by dabbing the part with a dry cloth. Then let it dry completely away from sources of heat. Do not brush. Do not immerse the product in water. Do not dry clean. Do not use benzene or alcohol based products.

Die Porsche Design Schlüsselanhänger Kollektion aus hochwertigem, weichem Leder steht mit titanfarbener hardware einen puristischen und modernen Style.

Die Kollektion mit bietet raffinierte Details, die Qualität, Ästhetik und Exklusivität in den Vordergrund rücken. Das Ergebnis italienischer Handwerkskunst.

Die Kollektion ist reich an Details und besticht durch funktionalem und elegantem Design: speziell entworfene Spaltringe und Haken in verschiedenen Formen und Größen für jeden Bedarf.

Jeder Artikel wird in einer elegant Box mit dem Porsche-Design-Logo geliefert.

MATERIAL

Genuine soft full grain calf leather. Care instructions: clean delicately the stained area with a soft and dry cloth. In case of greasy or persistent stain, use a small quantity of neutral wax or a leather cleaning product on a soft cloth and rub delicately. Then polish with a clean and dry cloth. The leather may fade, first try the cleaning product on a hidden part of the leather. If the product is in contact with water, remove the liquid by dabbing the part with a dry cloth. Then let it dry completely away from sources of heat. Do not brush. Do not immerse the product in water. Do not dry clean. Do not use benzene or alcohol based products.

TRAVEL ACCESSORIES

Packing cubes, shoe bags and garment bags designed to protect valuables and clothes. This small range of items helps make your packing more organised, and makes it easier to reach items in your luggage without unpacking everything.

Made from polyester fabric and with the Porsche Design signature lining, these travel must-haves are designed to make travelling as beautiful as it is functional.

The packing cubes can be used to compress and organize anything inside the suitcase, from socks and shirts to the bulkiest items, and expand to offer additional room when required. Equipped with handles, the cubes are sized to optimise space in any configuration. Pack everything into the cube and simply place it in your luggage. Inside the shoe bag there is a flexible padded divider, to keep each shoe separate and protect them from scratches. Both clothes and shoes are protected.

The garment bag is compact and lightweight. A suit or delicate garment is easily packed and protected from creasing when carried in the garment bag. The additional handle makes it ideal for carrying.

The sizes are designed to fit perfectly inside Porsche Design luggage. Every item of this Collection will be delivered in a luxurious Porsche Design branded cardboard box.
