PREMIUM CORPORATE GIFTS THE SWISS INNOVATIONS EVERYONE LOVES

Our Swiss Army Knives, cutlery, watches, travel gear and fragrances are popular corporate gifts. For many years, we've been supplying companies like yours with "thank yous" that clients and employees are really excited to get. There is a reason for this. Since 1884, the highest level of quality has been in the DNA of our company, and our commitment to innovation and iconic design has helped us create multifunctional products that are loved by millions.

We have more than 100 years of experience in making corporate gifts. These are highly valued products in unmistakable design and uncompromising quality. These are gifts that truly get used, that automatically go into pockets and bags every day. They are the go-to kitchen tools for every meal. They are timepieces and bags that travel with people every day. And they are fragrances that enhance their lives. Whether you gift your clients a Victorinox pocket knife, a kitchen knife, a watch, a travel bag or a fragrance: the smile you receive in return will always be genuine – like the gift itself.

HISTORY

First Cutlery Workshop

Founder Karl Elsener

Mother Victoria

VICTORIA

Carl Elsener, Chief Executive Officer

- 1884** Karl Elsener I opens a knife cutler's workshop in Ibach-Schwyz. His mother Victoria actively supports him in his endeavors.
- 1891** Karl Elsener I establishes the Association of Swiss Master Cutlers and delivers the first major supply of soldier's knives to the Swiss Army.
- 1897** The "Original Swiss Officer's and Sports Knife" is patented. It is known around the world today as the "Original Swiss Army Knife".
- 1909** In memoriam of his mother, Karl Elsener I chooses her first name Victoria as the brand name and registers the emblem with the cross and shield as a trademark. Today it is a registered trademark in over 120 countries.
- 1921** The invention of stainless steel (Inox) is a highly significant development for the cutlery industry. The combination of the two words "Inox" and "Victoria" results in today's company and brand name – Victorinox.
- 1931** Carl Elsener II introduces automation. In 1931, Brown Boveri is commissioned to set up the world's first all-electric hardening plant in Ibach. This guarantees that all knives are of a consistent high quality.
- 1945** US soldiers stationed in Europe after World War Two buy it in large quantities and it is a popular souvenir to take home.
- 1950** Carl Elsener III takes over the company management.
- 1977** The Original Swiss Army Knife becomes an exhibit for design at the Museum of Modern Art in New York.
- 1979** Transformation of sole proprietorship "Messerfabrik Karl Elsener" into the family-owned company "Victorinox AG".
- 1984** The company doubles its manufacturing and office space.
- 1989** Market entry for "Watches" under its Swiss Army brand in North America with its former U.S. sales partner.
- 1993** Opening of the first sales subsidiary in Japan.
- 1994** Establishment of Carl and Elise Elsener Gut Foundation with the mission to support national and international charitable projects.
- 1999** Market entry for "Travel Gear" with the American TRG Group as licensee.
- 2000** Establishment of the Victorinox Foundation which holds 90% of the share capital of Victorinox AG. The remaining 10% belong to the non-profit Carl and Elise Elsener-Gut Foundation.
- 2001** Launch of a clothing line in the U.S. and opening of the first Victorinox store in Soho, New York.
- 2005** Acquisition of the long-standing Swiss Knife and watch manufacturer Wenger SA in Delémont. Wenger remains an independently operating subsidiary of Victorinox.

A SWISS BRAND

Victorinox is an authentic Swiss brand with a strong history and heritage. The Swiss place great value on practicality; they take pride in innovation, quality and expertise.

We are no different. We ourselves want authentic, high-quality goods so that is what we make. If we need new ideas to get there we innovate, we collaborate until we have them. We do the job right and finish it properly, so we can take pride in our work, so it speaks for itself.

We are the makers of the Original Swiss Army Knife, and our expertise goes back more than 130 years. We control the quality of all our products, from the moment we acquire the materials they are made from through to all production processes until the final item is ready. Our Swiss quality standards are valued all over the world for their reliability, which allow us to export 80% of our goods to over 120 countries.

We make sure our products are dependable so that consumers can trust they are getting exactly what they want. For the office, the kitchen, a long planned trip, an evening out or a hike all the way up a mountain. Swissness and the active lifestyle of Swiss people are included in all our products, so that customers will feel confident they are ready to face every day's adventure.

VALUES OF AN AUTHENTIC SWISS BRAND

We make products the way we would like to have them ourselves. This means in outstanding Swiss quality, with solution-oriented functionality. We believe in innovation for smart, creative and contemporary products and services. And our no-frills iconic design is based on simple, distinctive and clean lines. Our Brand Values are defined by our promise to our customers, which describes how they will benefit from our products.

FUNCTIONALITY

Swiss Army Knife with its multitude of functions is the epitome of functionality. But all our other categories focus on functionality, as well. Attention to detail and sophisticated functions guarantee the reliability and versatility of our products – they just work!

QUALITY

Quality is a high priority at Victorinox for everything we do, and we stand for it with our name. Premium materials, a high-quality workmanship and an uncompromising quality management combined with high-level customer service ensure that we fulfill our promise.

INNOVATION

The Swiss are innovative. Switzerland has held the top position in the Global Innovation Index for many years. This pioneering mindset is also deeply ingrained at Victorinox. Ever since our founder, Karl Elsener, patented the first Swiss Army Knife, innovation has been held dear. Today, this spirit is spread across the whole company, and we strive to continuously re-invent and improve everything we do.

ICONIC DESIGN

We make our products aesthetically inspiring. A design language, inspired by our iconic Swiss Army Knife, provides us with a unique and recognizable appearance.

100 YEARS OF EXPERIENCE IN MANUFACTURING CORPORATE GIFTS

Our products are the perfect way to say "Thank you" to your customers. Put a smile on their face with a personalized edition of our little red pocket knife, a colorful set of kitchen tools, an elegant watch for all occasions, a smart travel bag that holds everything they need, or a fragrance that reflects the nature and modernity of Switzerland. They'll thank you right back.

HIGH-QUALITY AND STYLISH

Corporate gifts are only effective if they are clearly of high value. The materials we use to make our products are of premium quality and manufactured at outstanding levels of precision. The high quality of Victorinox products not only comes through in their visual design, you can feel it when you hold one in your hand.

POPULAR

We have fans all around the world. People who appreciate that our products are innovative, multifunctional creations wrapped in elegant design. The "must-have" aspect they exude means they make a prized corporate gift for your clients – one they will proudly show off to friends.

WELL-KNOWN

Our brand is not just known all around the world, it is known for its top quality and for over one hundred and thirty years of history and tradition in Switzerland. This tradition continues, and our headquarters are still located in the same town where it all started, to make sure we support our origins and uphold our excellent reputation.

MULTI-TALENTED

Thanks to our wide range of pocket knives, cutlery, watches, travel gear and fragrances, we have a corporate gift solution for every customer: from functional gift ideas to exclusive brand ambassadors. And our many options for colors, tools, design and customization mean we can create the right combination to match your budget and corporate image. A special product inspired by iconic design.

CASE STUDIES

OUR SUCCESS STORIES

We are there with you from the start: from professional advice to design, prepress, production and labeling. The following is just a small selection of products we have created for our clients:

SCANIA (SWEDEN)

About the client:

Scania is a global company that sells trucks, buses and services in 100 countries.

Requirements:

A pocket knife for "SCANIA Truck gear & selection 2018", with its legendary radiator grille included in the design.

Implementation:

Digital Haptic 3D printing allowed us to highlight the legendary grille, both visually and as texture. We also added Scania's logo to the knife and the gift box.

MSD ANIMAL HEALTH (SWITZERLAND)

About the client:

MSD Animal Health has been successfully active in veterinary medicine since 1922.

Requirements:

A Swiss Classic Tomato Knife as a customer give-away, with the handle of the knife in MSD's unique blue-green color.

Implementation:

We applied the plastic injection molding we use to make knife handles to match the color exactly, and engraved MSD's unmistakable logo onto the blade.

SORELL HOTELS (SWITZERLAND)

About the client:

Sorell Hotels Switzerland is the largest hotel group in Swiss ownership, with 3 and 4-star hotels throughout Switzerland.

Requirements:

Victorinox backpacks for guests to use during their stay at nine Sorell Hotels.

Implementation:

We digitally printed the hotel group's logo onto a simple black ingot, which we applied on the Altmont Original Slimline Backpacks for an aesthetic, stylish look.

PORSCHE (SWITZERLAND)

About the client:

Porsche is a world-renowned automotive company. The Porsche Zentrum Oberer Zürichsee is located in Feusisberg above Lake Zurich.

Requirements:

Watches with a personalized engraving as gifts for its employees.

Implementation:

We engraved each watch with the name of the employee and the claim "Strong Brand – Strong Team – it's great that you're part of it, Porsche Zentrum Oberer Zürichsee".

CORPORATE BUSINESS SWISS ARMY KNIVES

Swiss Army Knives are highly valued by millions all around the world. For their iconic design, their tough, do-everything quality and their innovative multifunctionality. When you give a Victorinox pocket knife to your clients, your partners, your employees, you know they won't just appreciate the gesture. They will carry it with them, they will use it in their daily lives and proudly show it to others. Because a Swiss Army Knife is a premium gift that people love to receive.

EIGHT WAYS TO CUSTOMIZE POCKET KNIVES

Personalization offers customers and employees an emotional way to engage with your brand. Thanks to our eight customization options, you can turn an iconic tool into a special pocket knife that reflects the characteristics of your own brand – adding even more value to an already coveted item.

TAMPON PRINTING

Today, over 90% of the printing jobs we carry out at Victorinox use the tampon print process (pad printing). Whether it requires spot color printing using up to 6 colors, or 4-color photo printing (CMYK), your logo will meet your CI guidelines exactly.

DIGITAL PRINTING

We have used this procedure to successfully enhance our pad printing process for some time now. This new solution is most suitable for full-panel printing and halftones and/or finely detailed prints. It is mainly used for those areas where pad printing reaches its limits.

DIGITAL HAPTIC 3D PRINTING

Unique new enhancement options have only recently become possible, thanks to the introduction of clear ink. Digital haptic 3D printing which creates raised surfaces that feel realistic to the touch, such as canvas, leather, and other textures. It provides a tactile 3D experience while maintaining the benefits of regular digital printing.

ETCHING

This is the perfect procedure for permanently decorating all blades and Swiss Tool scales. The inscription is done through electrolytic oxidation (electrolyte and etching current). The etching appears in anthracite or dark grey and offers outstanding durability.

METAL INLAY

The logos and wording are created photochemically with chromium steel and then pressed at high temperatures flush into the scales. This imprinting method features long-lasting durability and a high-quality appearance. Suitable for all models with opaque cellidor scales in black, white, red and yellow. Exceptions: Transparent scales, scales with LED switch and scales including ballpoint pen.

ENGRAVING

With this classic technique, a tool cuts the letters into the material. On synthetic materials surfaces the engraving is then filled with a contrasting color. Logos and lettering are also possible for diamond engraving on Swiss Tools. Suitable for small runs.

LASER ENGRAVING

Laser engraving is suitable for a range of surfaces. On wood and grip, this method creates a perception of depth that can also be felt by touch. On metal, the lettering and logos appear on the surface in anthracite or grey. In general, laser engraving features a high level of wear-resistance.

IMPRINT ON ALOX SCALES

A silicone stamp is used to transfer ink from the engraved steel printing block to electro-chemically treated and thus microscopically porous aluminum scales. The surface is then sealed and the ink particles become enclosed in a wafer-thin anodized layer. This anodized layer is scratch and impact-resistant.

SMALL POCKET KNIVES **VARIETY AND STYLE** **IN EVERY PIECE**

- Compact and functional everyday companions
- Easy to keep at hand to tackle everyday tasks
- Versatile knives with alloyed stainless steel blades

Practical and lightweight, the Small Pocket Knife Collection is the perfect companion for everyday life – whether tucked into a bag, carried in a pocket or attached to keys. These high-quality compact pocket knives are built to last, with alloyed and hardened blades that keep the versatile selection of stainless steel tools sharp and always ready for action. Thanks to a range of appealing colors and a wide variety of carefully chosen tool combinations, there's a perfect match for everyone.

CORPORATE BUSINESS HOUSEHOLD KNIVES

Victorinox high-precision kitchen knives are prized in every household. For their style, which runs from elegant wood to joyful colors. For their ergonomic design and easy handling. They are kitchen companions for everyday cooks and passionate home chefs. Our household tools tackle everything from slicing and chopping to grating and paring. We've got blocks and boards – and knives that look great on the table. For steaks and veggies, bread and cheese. People can't wait to start using them.

THREE WAYS TO CUSTOMIZE YOUR KITCHEN KNIVES AND UTENSILS

Add your brand to our kitchen tools with personalization that engages your clients, partners and employees in an emotional way. Apply one of these three finishing options to create a valuable union between our sought-after products and your distinctive corporate identity.

ETCHING

This is the perfect procedure for permanently decorating all blades. The inscription is done through electrolytic oxidation (electrolyte and etching current). The etching appears in anthracite or dark grey and offers outstanding durability.

LASER ENGRAVING

Laser engraving is suitable for a range of surfaces. On wood and grip, this method creates a perception of depth that can also be felt by touch. On metal, the lettering and logos appear on the surface in anthracite or grey. In general, laser engraving features a high level of wear-resistance.

TAMPON PRINTING

Today, over 90% of the printing jobs we carry out at Victorinox use the tampon print process (pad printing). Whether it requires spot color printing using up to 6 colors, or 4-color photo printing (CMYK), your logo will meet your CI guidelines exactly.

SWISS CLASSIC VIBRANT TOOLS FOR EVERY APPLICATION

- Light, agile and colorful knives made in Switzerland
- Ergonomically shaped handles for effortless work
- With stainless steel, dishwasher-safe blades

Every kitchen task, from the minute to the mammoth, was considered in the development of the Victorinox Swiss Classic Collection. These Swiss made pieces are lightweight and dishwasher safe, crafted from high quality stainless steel. To add a pop of freshness and color to the kitchen, there is a choice of vibrant-toned handles. A collection that combines functionality with fun, it also offers a range of useful gift sets. There's nothing this versatile collection doesn't cover.

HOUSEHOLD KNIVES

CORPORATE BUSINESS WATCHES

Victorinox watches travel from our own workshops in Switzerland to wrists all over the globe for urban and outdoor adventures. They are made in compliance with strict standards using high-quality components and materials. The collection impresses with timeless design and unique durability, thanks also to the numerous tests each watch goes through. And specially boxed limited edition watches come with a matching pocket knife – an extra that is unique to our brand.

THREE WAYS TO CUSTOMIZE YOUR WATCHES

The wide, comprehensive range of Victorinox Watches is complemented by perfectly matched, customized upgrade options. The main focus of our products is premium quality, to make them leave a lasting impression.

TAMPON PRINTING ON DIAL

Today, we use the tampon print process (pad printing) for over 90% of our printing jobs. For both spot color printing using up to 6 colors and 4-color photo printing (CMYK), the color is lifted with an elastic stamp from a steel plate (with an etched-in image) and transferred to the dial to be printed. Victorinox makes sure the logo perfectly matches your CI guidelines.

1 LASER ENGRAVING ON CASE BACK

Laser engraving creates a perception of depth, making it perceptible to the touch. On metal, the lettering and logos appear on the surface in anthracite/grey. In general, the laser engraving features a high level of wear resistance.

2 LASER ENGRAVING ON CASE LEFT SIDE

The left side of the case is also perfect for laser engraving. Show appreciation and further boost your business relationships with this more visible location – it makes your message really come through.

JOURNEY 1884*

EMBARK ON A JOURNEY OF DISCOVERY

*Available in 2023

- ISO shock- and 200 m water-resistance
- ISO norm antimagnetic protection
- Versatile tool-free changeable strap

Inspired by Switzerland's love of hiking, the Journey 1884 perfectly blends the spirit of the outdoors with its engineering DNA. The Swiss Army Knife-influenced counterweight and the engraved material code reflect its industrial heritage, which is underscored by the foundation date. Antishock and antimagnetic resistance ensure accuracy, and the easy-change strap adds versatility to its credentials list. High quality materials, clever design detailing and innovative functions make this an essential companion on life's big adventure.

I.N.O.X. **STRONG AND RESILIENT ADVENTURE COMPANIONS**

- Bold design built for strength and resilience
- With innovative materials for the case and strap
- Offers up to 200 m water resistance

The I.N.O.X. Collection keeps pace with an adventurous lifestyle – from intense battles on the squash court to the temperature shocks of a hot sauna and icy plunge, and even still looking great among the mud and crowds at a music festival. This collection features, among others, watches with quartz movements and elegant women’s models, each with a unique character but that share the same principles of resilience and style. Crafted from tough materials like carbon composite, titanium, and stainless steel (316L), these watches make the perfect companion for an ocean swim, a mountain hike, or a day at the office.

CORPORATE BUSINESS TRAVEL GEAR

Victorinox Travel Gear goes everywhere. To the office, on day trips, on weekend getaways, to the edges of the map. It is smart, strong and striking, lightweight without compromise. The collections are class leaders for space-saving interiors and functionality. They are stylish, organized business companions, they are well-designed travel solutions and essentials for life. No matter where they go, your clients will always be prepared and impeccably organized.

SIX WAYS TO CUSTOMIZE YOUR LUGGAGE

Enrich our travel gear with your logo, corporate identity or personal message. With six different techniques to choose from for specific types of materials, we'll make sure our premium products enhance your promotional gifts. Let your brand travel with Victorinox.

EMBROIDERY

Embroidery is our preferred method of personalization for soft travel gear. Using specific color threads and stitches, your logo can be re-created perfectly. It produces a high-quality finish that is durable and stands the test of time.

THERMAL-TRANSFER PRINTING

Thermal-transfer printing is available for selected lifestyle accessories and backpacks. Add your company logo with a high-quality thermal-transfer print.

DIGITAL PRINTING ON INGOTS

We offer elegant ingot plates that can be enhanced by digital printing. They can be placed on the majority of items, in a pre-determined area. Ingots are available in sizes 3 x 3 cm and 5 x 3 cm with black or brushed silver finish.

1 LASER ENGRAVING ON INGOTS

These stylish ingots can also be personalized with laser engraving on most of our products, also in a specific place set aside for them. Laser-engraved ingot plates are available in sizes 3 x 3 cm and 5 x 3 cm with black or brushed silver finish.

2 LASER ENGRAVING ON LEATHER

Laser engraving precisely embosses your lettering, logo or image onto leather. The process seals the engraving by burning it in and is extremely well-suited for leather, because it can be processed quickly with fine details.

TAMPON PRINTING ON SWISS ARMY KNIFE SCALE

A tampon-printed, personalized Swiss Army knife scale can also be attached to our travel gear, either directly onto the product, or separately in the form of an ID tag. Whether it requires spot color printing using up to 6 colors, or 4-color photo printing (CMYK), your logo will meet your CI guidelines exactly.

RECOMMENDED CUSTOMIZATION AREA

The red rectangle in the image on the right indicates the area we have set aside on our travel gear for customization. Central and distinct, it offers a clear view of your logo or personal message.

CORPORATE BUSINESS FRAGRANCE

Victorinox's fragrances tell the story of Switzerland. Each one is a unique blend of nature and modernity and is designed to inspire. They reflect the breathtaking natural scenery, a sense of freedom and invigorating freshness, combined with the energy of our urban centers. Show your appreciation to clients, partners and employees by awakening their sense of adventure and spirit of exploration. Whether for the office, a night out, or spending a day exploring the great outdoors, Victorinox fragrances will be their favorite companion for enjoying every day's adventures.

VICTORINOX FRAGRANCES LET US TAKE YOU ON A JOURNEY

- Aromatic gifting inspired by the freedom and natural beauty of the Swiss landscape
- Expertly crafted fragrances created in collaboration with the world's most accomplished perfumers
- Composed and bottled in Switzerland from the finest quality raw materials

Choose from various individual fragrances for women and men: the Heritage Collection strikes a perfect balance between timeless Swiss refinement and an all-encompassing feeling of freedom; the Signature Collection offers men the intensity of elements such as rock or steel, and our women's scents capture the magical moments inspired by Swiss landscapes. As the iconic Swiss brand, Victorinox develops and produces fragrances in the heart of Switzerland – with a focus on Swiss premium and natural origin ingredients as well as crueltyfree, vegan formulations.

CUSTOMIZATION

Each fragrance can be fully customized with a sleeve for a premium gifting experience for your clients, partners or employees. Add your corporate identity to this elegant package and along with a special message of appreciation.

Give away the olfactory essence of Switzerland, let us take you on a journey.

VICTORINOX GUARANTEE AND WARRANTIES

Thanks to our efficient quality assurance system and extensive testing, and in keeping with our company values, Victorinox is able to offer warranty periods that match our respect for consumers.

GUARANTEE AND WARRANTIES

EXCELLENCE IN CUSTOMER SERVICE

SWISS ARMY AND HOUSEHOLD KNIVES LIFETIME GUARANTEE

Victorinox AG guarantees all knives and tools to be manufactured from first-class stainless steel, and offers a lifetime guarantee in respect of any defects in materials or workmanship (except for electronic components, for which the guarantee period is 2 years). Damage caused by normal wear and tear, misuse or abuse are not covered by this guarantee. This guarantee gives you specific legal rights; you may also have other rights which vary from state to state or country to country.

WATCHES FIVE-YEAR WARRANTY +

Victorinox watches are covered by our Five-Year Warranty +, which exceeds the industry average. The comprehensive processes implemented by our quality team makes it possible for us to offer this extended warranty. Victorinox watches are subjected to rigorous testing and numerous quality controls before they are distributed. This warranty offers specific legal rights; other rights may also apply that vary from state to state or country to country.

TRAVEL GEAR 1 + 10 YEARS WARRANTY

Year 1: Victorinox Total Protection Program

During the first twelve months of ownership, your product is covered by the Victorinox Total Protection Program.

- This includes manufacturing defects, normal wear and tear, airline handling and transit damage.
- This excludes abuse, cosmetic damage (scratches on leather or on polycarbonate or stained fabrics), incidental/consequential damage (such as damage to or loss of content of the bag, loss of use, loss of time), abrasion, solvents and accidents.
- Note that the electronic device/function integrated in your travel product is not covered by this warranty.

The Total Protection Program covers the repair expenses, shipping costs to and from the repair center or a replacement product (identical or equivalent value) if your product is beyond repair.

Warranty repairs must be carried out at an approved Victorinox service center.

Years 2 to 11: Victorinox Quality Warranty Program

From the beginning of the second until the end of the eleventh year of ownership, your product is covered by the Victorinox Quality Warranty Program.

- This includes manufacturing defects and normal wear and tear with the exceptions of seams, stitching, fabric and zipper tape.
- This excludes abuse, cosmetic damage (scratches on leather or on polycarbonate or stained fabrics), incidental/consequential damage (such as a damage to or loss of content of the bag, loss of use, loss of time), abrasion, solvents, accidents, airline handling and transit damage.
- Note that the electronic device/function integrated in your travel product is not covered by this warranty.

The Quality Warranty Program covers:

- The repair expenses or a replacement product (identical or equivalent value) if your product is beyond repair.
- You are required to either ship your product to us for repair, at your expense or take it to a Victorinox store or a Victorinox authorized retailer.

GLOBAL TWO-YEAR LIMITED WARRANTY

Products covered by the Global Two-Year Limited Warranty are guaranteed to be free from manufacturing defects in materials and workmanship for two years from the date of original purchase. If such a defect appears during the warranty period, we will repair your product or replace it, as appropriate and at our discretion, with the same or an equivalent model, free of charge.

This guarantee is non-transferable and does not cover cosmetic damage, wear and tear, loss of use, damage to third party electronics or damage resulting from abuse, misuse, unauthorized repair, improper handling, power outage or any uncontrollable environmental circumstances. Shipping costs to our repair center may go at the owner's expense.

The original sales receipt verifying the date of purchase from an authorized retailer is required to validate your warranty coverage. Any repairs made will restore the intended functionality. While repairs will be made professionally, we cannot guarantee the original appearance to be preserved. This warranty gives you specific legal rights, and you may also have other rights which vary from state to state or country to country.
