From
NEW ZEALAND
to the world

The 52,000m² mega factory
in Auckland, New Zealand

sistema®

Millions of customers in over 110 countries around the world use Sistema® products to help make their life a little easier.

From drink bottles and lunch boxes to microwave products and storage containers, Sistema® products suit lifestyles everywhere – especially for people who want a brand with a purpose.

Sistema® was built on one man's dream to manufacture beautifully designed products in New Zealand for customers around the world. That dream is realised today with a passionate focus on innovation, design and sustainability. Every container that leaves our state-of-the-art factory in New Zealand is made from material that is both BPA and Phthalate free. Sistema® uses our post-industrial material to produce some products, as part of an effort for waste-free manufacturing.

Exported to over **110** countries
