SWISS CLASSIC

VIBRANT TOOLS FOR EVERY APPLICATION

- Light, agile, and colourful knives made in Switzerland
- Ergonomically shaped handles for effortless work
- With stainless steel, dishwasher-safe blades

Every kitchen task, from the minute to the mammoth, was considered in the development of the Victorinox Swiss Classic Collection. These Swiss made pieces are lightweight and dishwasher safe, crafted from high quality stainless steel. To add a pop of freshness and color to the kitchen, there is a choice of vibrant-toned handles. A collection that combines functionality with fun, it also offers a range of useful knife blocks and gift sets. There's nothing this versatile collection doesn't cover.

All Swiss Classic products shown in this catalog will be available to order in July 2025, until then please refer to the 2024 Household and Professional Knives catalog.

SWISS MODERN

HEAVENLY CONNECTIONS OF PRECISION AND DESIGN

- The perfect companion for everyday kitchen tasks
- Elegant design in walnut wood and on-trend pastels
- Features Swiss made durable stainless steel blades

Elegant design meets knife-edge precision in the Swiss Modern Collection. Every blade is formed of wear-resistant stainless steel to enable effortless cutting. Crafted with richly grained, unique handles in warm European walnut wood or with synthetic handles in vibrant colors or classy black, these pieces are ergonomically shaped to keep the hand comfortable during repeated chopping or slicing tasks. This standout collection marks a contemporary update of mankind's most important tool.

KITCHEN UTENSILS

MULTITASKING AND EASY-TO-USE KITCHEN GADGETS

- Robust and durable tools for a variety of tasks
- Easy-to-use kitchen gadgets with high functionality
- Crafted with expertise and top design credentials

The right kitchen utensils make for easy cooking, helping the professional and home chef alike create delicious dishes and gather loved ones together over a meal. The Kitchen Utensils Collection distinguishes itself by its classic design and attention to detail. Using high-quality materials, this range understands what cooks need and offers coordinated, functional items for every kitchen task. From the bi-directional grater to the nimble tomato peeler, these are kitchen tool kit essentials.

HISTORY

First Cutlery Workshop

Founder Karl Elsener

Mother Victoria

(VICTORIA)

Carl Elsener, Chief Executive Officer

- 1884** Karl Elsener I opens a knife cutler's workshop in Ibach-Schwyz. His mother Victoria actively supports him in his endeavors.
- 1891** Karl Elsener I establishes the Association of Swiss Master Cutlers and delivers the first major supply of soldier's knives to the Swiss Army.
- 1897** The "Original Swiss Officer's and Sports Knife" is patented. It is known around the world today as the Original Swiss Army Knife™.
- 1909** In memoriam of his mother, Karl Elsener I chooses her first name Victoria as the brand name and registers the emblem with the Cross&Shield as a trademark. Today it is a registered trademark in over 120 countries.
- 1921** The invention of stainless steel (Inox) is a highly significant development for the cutlery industry. The combination of the two words "Inox" and "Victoria" results in today's company and brand name – Victorinox.
- 1931** Carl Elsener II introduces automation. In 1931, Brown Boveri is commissioned to set up the world's first all-electric hardening plant in Ibach. This guarantees that all knives are of a consistent high quality.
- 1945** US soldiers stationed in Europe after World War Two buy it in large quantities and it is a popular souvenir to take home.
- 1950** Carl Elsener III takes over the company management.
- 1977** The Original Swiss Army Knife™ becomes an exhibit for design at the Museum of Modern Art in New York.
- 1979** Transformation of sole proprietorship "Messerfabrik Karl Elsener" into the family-owned company "Victorinox AG".
- 1984** The company doubles its manufacturing and office space.
- 1989** Market entry for "Watches" under its Swiss Army brand in North America with its former U.S. sales partner.
- 1993** Opening of the first sales subsidiary in Japan.
- 1994** Establishment of Carl and Elise Elsener Gut Foundation with the mission to support national and international charitable projects.
- 1999** Market entry for "Travel Gear" with the American TRG Group as licensee.
- 2000** Establishment of the Victorinox Foundation which holds 90 % of the share capital of Victorinox AG. The remaining 10 % belong to the non-profit Carl and Elise Elsener-Gut Foundation.
- 2001** Launch of a clothing line in the U.S. and opening of the first Victorinox store in Soho, New York.
- 2005** Acquisition of the long-standing Swiss Knife and watch manufacturer Wenger SA in Delémont. Wenger remains an independently operating subsidiary of Victorinox.

Nenad Mlinarevic, Swiss Chef and brand ambassador for household and professional knives

Watches since 1989

Travel Gear since 1999

Fragrances since 2007

2022: 125 Years SAK Anniversary

- 2007** Carl Elsener IV takes over the company management and further expands Victorinox as a global multi-product brand.
Establishment of Victorinox Swiss Army Fragrance AG.
- 2008** Opening of the first European Victorinox flagship store in London.
- 2011** Opening of the Swiss Knife Valley Visitor Center in Brunnen, Switzerland.
- 2013** Integration of the Wenger Knife business into the Victorinox brand.
- 2014** Acquisition of the travel gear business from previous licensee and establishment of the new business unit Victorinox Travel Gear AG.
Opening of a store at a prime location in the city center of Zurich.
- 2016** Construction of the Watch Competence Center in Delémont, Switzerland.
- 2017** Discontinuation of Apparel to focus on the core product categories. Production of 500-millionth Original Swiss Army Knife™.
- 2020** Opening of the new distribution center in Seewen, Switzerland.
Acquisition of Zena Swiss AG, traditional Swiss manufacturer of the economy peeler.
Opening of first European Victorinox Franchise Store in Vienna
- 2022** 125th Anniversary of the "Original Swiss Officer's and Sports Knife"

SWISS BRAND OUR STORY

When our founder Karl Elsener opened his cutler's workshop in 1884 in Ibach, Switzerland, little did he know that the Swiss Army Knife™ he would soon create would become a global icon of preparedness, not only finding its way into everyday life but even into outer space.

But that's just how life goes: You never know what's coming. All you can do is make sure you are best prepared for whatever comes your way.

Living up to our legacy as Makers of the Original Swiss Army Knife™, we at Victorinox have made it our mission to do exactly that. To best prepare you for everyday challenges.

That's why we responsibly seek well-thought-out solutions that simply serve their purpose expertly. Why we effectively and efficiently deliver uncompromising quality down to the last detail and pursue excellence in everything we do. And why we deliver reliability and authentically Swiss mastery.

So that every single product that bears our famous Cross&Shield – from our Swiss Army Knives and Cutlery to our Watches, Travel Gear and Fragrances – is crafted to perfection.

We do this because we truly believe

BEING PREPARED MAKES LIFE BETTER.

WHAT OUR BRAND STANDS FOR

How do we help people prepare for whatever comes their way? Through smart and masterful solutions. Because this is how we work and live ourselves.

And that is why we pursue excellence by facilitating the art of cooking, creating ergonomic precision cutlery for effortless efficiency. Our range of premium cutlery is crafted with the same expertise we put in our Swiss Army Knife™. For sharp, lightweight and balanced knives that create memorable meals with confidence and precision.

BEST-PREPARED

We provide consumers with the right tools for all kinds of culinary challenges. Our experts craft a selected range of specialist blades and utensils, making our consumers are best prepared to be a masterful chef.

SMART

The carefully thought-out solutions we deliver are not just inspired by professionals, they are valued by them as well. Because of the ergonomic and performance-driven design of our cutlery. For home chefs with an eye for premium taste.

MASTERFUL

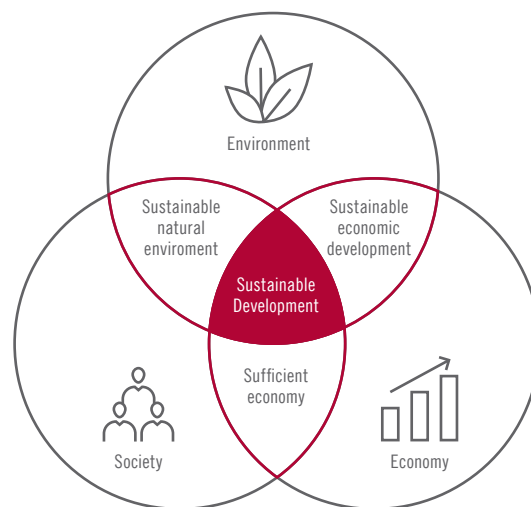

We pursue excellence and make it easy for consumers to master their skills in the art of cooking. Thanks also to the expertly crafted blades made with uncompromising precision in our factory in Ibach, Switzerland using best-in-class materials*.

*not all products are made in Switzerland

WHAT WE DO FOR SUSTAINABILITY

WE ARE COMMITTED TO INNOVATION, TO CONTINUOUSLY IMPROVING OUR CONTRIBUTION TO A BETTER WORLD

ENVIRONMENTAL – CAREFUL USE OF RESOURCES

We care about the environment, and we reflect that in every aspect of our business. Like using resources wisely to reduce our environmental impact:

Product development: recycled materials for high-quality products

Our core product, the Swiss Army Knife™, is made of up to 85% recycled steel, depending on the availability of scrap steel. Based on this, we are gradually transferring the use of recycled materials to our other product categories.

Product packaging: minimal and recyclable

The guiding principle for our packaging is to use only as much as absolutely necessary. A significant portion is recyclable. We use up to 90% recovered paper in our cardboard packaging, ensuring it's made from 100% chlorine-free bleached paper.

Product lifecycle: long-lasting and repairable

We are so confident about the high quality of our products that we offer a lifetime warranty on our knives, and the warranties on both our travel gear and watches exceed industry standards. For everything else, we offer comprehensive repair and refurbishing options, so the product's lifetime can be extended as long as possible.

Operations: energy-saving and innovative

Across our production sites and offices in Switzerland, we actively seek to reduce our operational footprint. For example: by optimizing waste heat utilization in our production facilities with heat pumps, and through heat recovery from our ventilation and closed-loop cooling systems, we keep our head office in Ibach and 120 nearby apartments warm.

We're pioneers in recycling grinding sludge, having developed a special process to filter steel residue out of the cooling water. We collect around 600 tons of grinding sludge and up to 1,000 tons of scrap steel each year at our premises, returning it to the plant so it can be re-made into steel.

We've installed photovoltaic panels at our Swiss sites, which partially power our facilities while compensating for around 500 tonnes of CO₂ per year.

SOCIAL – STRONG COMMITMENT TO SOLID VALUES AND BUSINESS ETHICS

We are a family business with a long history and a clear vision. Our values guide everything we do, from how we treat our employees, partners, suppliers, colleagues and customers, to how we contribute to society and the environment:

- **Employees:** attractive jobs, fair salary, generous benefits and training opportunities
- **Partners and suppliers:** long-term partnerships, genuine commitment to social and environmental responsibility
- **Support for the Global Climate Expedition:** inspiring young people to save our planet

ECONOMIC – SECURING THE FUTURE OF THE COMPANY

We are an independent family company with a sustainable approach. We have taken steps to ensure the long-term stability and success of our company:

Victorinox Corporate Foundation: resolving succession issues and protecting jobs

Victorinox AG is an independent family company. The Victorinox Corporate Foundation was created in 2000 to resolve future succession issues, secure the company during unfavorable economic times and protect jobs in the long term.

Carl and Elise Elsener-Gut Foundation: supporting charitable projects

The Victorinox Corporate Foundation holds 90% of company shares. The remaining 10% are held by the non-profit Carl and Elise Elsener-Gut Foundation, which was created by the father of our current CEO and supports selected charitable projects both within Switzerland and abroad.

“ Living up to our legacy as Makers of the Original Swiss Army Knife™, our aim naturally is to be successful over the long term by providing compelling products and services on the global market. But protecting and preserving the world for future generations is just as important. We therefore see it as our responsibility to make sure our operations and those of our suppliers support economically, environmentally and socially sustainable goals. ” Carl Elsener, CEO Victorinox AG

STAINLESS STEEL

All steel blades are made of martensitic stainless steel. The basis for optimum function and durability of a blade, is the use of the correct steel alloy. The steel should deliver the perfect combination of cutting edge retention and corrosion protection. It should also be flexible, so it does not break during use.

The following steel alloys are used for household and professional knives:

MATERIAL NO.	ABBREVIATION DIN	ABBREVIATION AISI	C (%)	CR (%)	MO (%)	V (%)
1.4419	X 38 Cr Mo 14	420	0.36 - 0.42	13.00 - 14.50	0.60 - 1.00	
1.4034	X 46 Cr 13	420	0.43 - 0.50	12.50 - 14.50		
1.4116	X 50 Cr Mo V 15	440A	0.45 - 0.55	14.00 - 15.00	0.50 - 0.80	0.10 - 0.20
1.4110	X 55 Cr Mo 14	440 A	0.48 - 0.60	13.00 - 15.00	0.50 - 0.80	≤ 0.15

All Victorinox alloys are in accordance with Regulation (EG) no. 1935/2004 for products that come into contact with food.

HANDLE MATERIALS

MATERIAL	DESCRIPTION	PRODUCTS
Polypropylene 	Polypropylene exhibits good strength, rigidity and hardness. It is suitable for sterilization and can be used at temperatures of up to 80 – 100°C.	Swiss Classic  
Thermoplastic elastomers 	TPE combine the easy processing of thermoplastics with the beneficial properties of elastomers. They are extremely flexible over a wide range of temperatures, very strong and benefit from good impact and notch impact strength, even at low temperatures. TPE materials can be used at temperatures of up to 80 – 110°C.	Fibrox, Swiss Classic  
Polypropylene, Thermoplastic elastomers	The Fibrox Dual Grip is made up of a polypropylene (PP) interior and a thermoplastic elastomer (TPE) exterior. PP offers strength, rigidity and hardness; it is suitable for sterilization and temperatures of up to 80 – 100°C. TPEs are very robust with good general and notch impact strength, even at low temperatures. They can be used at up to 80 – 110°C.	Dual Grip  
Walnut Wood*	Walnut wood is very durable, robust and strong. This natural product is known for its noble color and unique grain, which makes each knife unique.	Swiss Modern Wood
Polypropylene Copolymere 	Polypropylene copolymers have good strength, stiffness and hardness. It can be sterilized and has a maximum temperature resistance of 80 -110°C.	Swiss Modern Synthetic  
Polyamide 	Polyamide is extremely strong and combines excellent rigidity with high impact strength. It benefits from good abrasion resistance and sliding properties, can be sterilized and is suitable for use at temperatures of up to 80 – 110°C.	Swibo  
Modified Maple Wood*	Modified maple wood is stable, hard and guarantees a long service life. It is also resistant to rot, fungi and other wood-destroying micro-organisms. It is an easy-care material that does not require any additional treatment such as oil or other impregnation solutions apart from normal cleaning.	Grand Maître, Wood
Polyoxymethylene 	POM features excellent strength, hardness and dimensional stability over a wide range of temperatures. It benefits from good abrasion resistance, can be sterilized and is suitable for use at temperatures of up to 130°C.	Grand Maître  
Beechwood*	European beech is a hard wood that is ideal for work knives. Most knife blocks are also made of beech. This wood is FSC-certified (pure).	Storage

* All products with wooden handles are not dishwasher safe.

PACKAGING

SB-SHEATH

S-sheath for blade protection, SB-sheath for self service.

EXAMPLE

FOLDING BOX

DISPOSABLE BLADE PROTECTION

The majority of the single-packed vegetable knives from the Swiss Classic and Standard lines, are provided with disposable blade protection. Mostly available in sales units of 20 pieces.

FORM AND FUNCTION

SHAPING KNIFE

Bird's Beak edge

for decorating and garnishing
with fruit and vegetables

KITCHEN KNIFE

Straight edge

for cutting smaller
fruit and vegetables

STEAK KNIFE

Straight edge

for cutting cooked
or grilled meat

FISH FILLETING KNIFE

Super flexible blade

for filleting fish

KITCHEN CLEAVER

Heavy solid blade

for chopping bones and raw fish

SANTOKU KNIFE

Fluted edge

all-rounder for
precision cutting

CHEF'S KNIFE

Straight edge

for slicing cooked
or grilled meat

CHEF'S KNIFE

Extra-wide blade

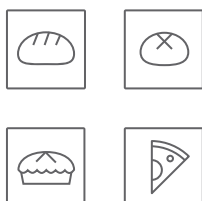

for slicing larger foods

BREAD KNIFE

Wavy edge

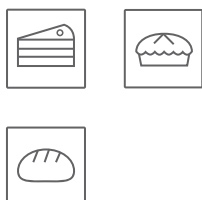

for cutting a variety of
baked goods with crusts

PASTRY KNIFE

Wavy edge

for cutting cakes,
pastries and bread

SALMON KNIFE

Fluted edge

perfect for filleting
salmon

CORRECT HANDLING AND CARE

THE BLADE

Regular care is needed to make sure a blade remains in top condition. To make sure it lasts, clean your knife with a mild detergent under running water immediately after use. Salty or acidic food particles may leave marks if they are left on the blade over a long period of time. Icons on the packaging indicate whether a knife is dishwasher safe. Highly polished knives should only be used for cutting, not for prying anything open or hacking things apart. For bones or similar materials, please use the robust Victorinox products made for that purpose (e.g. Cleaver).

SHARPENING

Proper care also means that the knife should be regularly re-sharpened, depending on use/need, so that it retains its sharpness.

THE SHARPENING STEEL

Cleaning your sharpening steel keeps it hygienic and in the best condition. It should be washed with a mild detergent under running water and let dry completely. Store the sharpening steel in a knife block if possible.

WOODEN HANDLES

(e.g. Wood)
Wood is an extremely robust, hardwearing wood and, thanks to its naturally high oil content, is also highly resistant to moisture. To maximize the service life of knives with wooden handles, never wash them in a dishwasher.

SYNTHETIC HANDLES

(e.g. Swiss Classic)
The synthetic handles of our household knives are generally dishwasher safe, but we still recommend you wash them by hand.

CUTTING BOARDS

To clean your cutting board, wash it in hot, soapy water or simply run it through your dishwasher. Its cutting surface is made from a paper composite product (except Eco Plastic items), so it can warp if left in wet or damp conditions for long periods of time. To avoid this, thoroughly dry the surface by leaving it upright and on edge before storing.

Cutting surfaces are stainresistant, but, as with most materials, there is a possibility of staining when left in contact with highly alkaline products or foods over time. A few examples are liver, papayas, and red beets. To remove stubborn stains, try a non-abrasive household cleaner.

PROTECTIVE WAX

This proprietary blend of mineral oil and beeswax is designed specifically to restore, condition, preserve and maintain the luster of any wood boards, as well as the complete line of paper composite cutting boards and kitchen tools. It can also be used for wooden knife handles or wooden tables, chairs, etc.

DISHWASHER SAFE

All dishwasher safe products are marked with a corresponding icon. Please make sure that knives do not touch other metal utensils in the cutlery basket. You may notice a change in color intensity and rusting over the long term. Forged knives with a polyoxymethylene (POM) handle are dishwasher safe, but we recommend you clean them by hand. dishwasher safe products bear the portrayed icon and can be cleaned in the dishwasher. Please make sure that the knives do not touch other metal utensils in the cutlery basket. In the long run, a change in color intensity and rusting may occur. Forged knives with POM handle are dishwasher safe. It is however recommended, to clean the product by hand.

STERILIZABILITY FOR PROFESSIONAL KNIVES

“Professional” knives and tools that are in direct contact with food require special care when cleaning in order to be constantly aseptic and free from dangerous bacteria. It is therefore very important that the handle material can withstand the high temperatures required during sterilization. Victorinox professional knives can be sterilized up to 110 °, depending on the knife category.

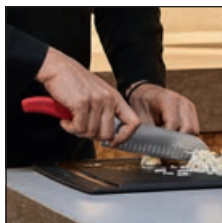

SWISS CLASSIC

VIBRANT TOOLS FOR EVERY APPLICATION

- Light, agile, and colourful knives made in Switzerland
- Ergonomically shaped handles for effortless work
- With stainless steel, dishwasher-safe blades

Every kitchen task, from the minute to the mammoth, was considered in the development of the Victorinox Swiss Classic Collection. These Swiss made pieces are lightweight and dishwasher safe, crafted from high quality stainless steel. To add a pop of freshness and color to the kitchen, there is a choice of vibrant-toned handles. A collection that combines functionality with fun, it also offers a range of useful knife blocks and gift sets. There's nothing this versatile collection doesn't cover.

SWISS MODERN

HEAVENLY CONNECTIONS OF PRECISION AND DESIGN

- The perfect companion for everyday kitchen tasks
- Elegant design in walnut wood and on-trend pastels
- Features Swiss made durable stainless steel blades

Elegant design meets knife-edge precision in the Swiss Modern Collection. Every blade is formed of wear-resistant stainless steel to enable effortless cutting. Crafted with richly grained, unique handles in warm European walnut wood or with synthetic handles in vibrant colors or classy black, these pieces are ergonomically shaped to keep the hand comfortable during repeated chopping or slicing tasks. This standout collection marks a contemporary update of mankind's most important tool.

WOOD

NATURALLY CONVINCING AND SMART KNIVES

- Robust wooden handles with a unique grain
- Easy handling for effortless work
- Ergonomically designed with resilient materials

The Wood Collection from Victorinox combines ergonomic handles in naturally strong, visually appealing wood with ultra-sharp, efficient stainless steel blades. Used for centuries as an ideal material for knife handles, wood is highly robust, warm to the touch and gives each piece a unique patina. This range consists of elegant knives for every culinary task, from pastry making to carving roasts. It offers a choice from wide and narrow blades with straight or curved backs to Santoku-style blades with or without fluted edge.

GRAND MAÎTRE

CONFIDENCE AND PLEASURE IN CRAFTSMANSHIP

- Forged from one piece and hardened evenly
- Perfect balance for comfortable work
- Timeless design, built for longevity

For amateur cooks and professional chefs alike, the Grand Maître Collection is all about balance. Each piece in this sought-after range is uniformly hardened and forged from a single piece. This construction method means the transition from blade to handle is sleekly seamless, offering great control and precision with every slice. The ergonomically shaped handle ensures comfort even over sustained periods. It's perfect craftsmanship that pays off every day.

STORAGE

STORAGE SOLUTIONS FOR BUSY HOME KITCHENS

- Blade-safe storage solutions crafted in resilient materials
- Smart, functional additions to any pro kitchen or meat-processing facility
- Items deliver the ultimate in compact knife organization for maximum counter space

Every successful kitchen relies on a combination of exceptionally high-performance tools and meticulous organization. Building an efficient infrastructure in a busy home kitchen is critical. It not only keeps work surfaces clear, uncluttered and ready to use 24/7, it maximizes time efficiency. Blades, gadgets and culinary equipment that are systematically stored are quick to locate to get the job done faster. The Victorinox Storage collection epitomizes efficiency executed with excellence. A range of compact solutions spanning cutlery blocks and in-drawer knife holders delivers ergonomic design with sleek practicality.

CUTTING BOARDS

A SUPERIOR SURFACE TO SLICE ON

- Crafted from a super hard-wearing paper composite
- Blade-friendly material retains optimum knife edge and delivers superior cutting precision
- Heat resistant up to 175°C/350°F and dishwasher safe

Every busy home kitchen needs efficacious cutting boards that deliver 24/7. Victorinox is the discerning choice for any keen cook, thanks to a wealth of problem-solving technical features. The boards are crafted from a high-spec paper composite that mimics the aesthetic of natural wood, yet delivers impeccable durability in super lightweight form. The heat-resistant credentials are notable too, providing guaranteed protection at temperatures up to 175°C. Being dishwasher safe is a standard feature of these cutting boards – they belong in every fast-paced home kitchen.

KITCHEN UTENSILS

MULTITASKING AND EASY-TO-USE KITCHEN GADGETS

- Robust and durable tools for a variety of tasks
- Easy-to-use kitchen gadgets with high functionality
- Crafted with expertise and top design credentials

The right kitchen utensils make for easy cooking, helping the professional and home chef alike create delicious dishes and gather loved ones together over a meal. The Kitchen Utensils Collection distinguishes itself by its classic design and attention to detail. Using high-quality materials, this range understands what cooks need and offers coordinated, functional items for every kitchen task. From the bi-directional grater to the nimble tomato peeler, these are kitchen tool kit essentials.

SCISSORS

TOOL THAT ALWAYS PERFORM THE PERFECT CUT

- Offering high functionality for specialized use
- Extensive selection of scissors for all kinds of tasks
- Crafted from high quality, durable materials

Clean clips and crisp lines: A pair of precision scissors is an essential item in every household tool kit or kitchen drawer. Manufactured by renowned European producers, the Scissors Collection features sleek, ultra-sharp blades with durable handles for everyday use or specialized professional tasks. Including a special ergonomic design for left-handed users as well as children's scissors that are perfect for small hands and young crafters, this collection has scissors for every cutting need.

SHARPENING + SAFETY

SIMPLE, SAFE AND EFFECTIVE SOLUTIONS

- Sharpening steels with safe-grip ergonomic handles
- Practical, efficient and easy to use
- Rust resistant materials guarantee a long service life

Sharp knives equal easy and successful cooking. Our selected collection of sharpening tools ensures greater safety and precision in the kitchen by keeping knife blades in top condition at all times. The wide range of sharpening steels is complemented by the Victorinox Sharpy with a bevel, the compact Dual knife sharpener, and the innovative sharpener with ceramic rolls for pre-grinding and polishing. The easy and effective handling make these pieces truly stand out.

FOR PROFESSIONALS FOOD SAFETY BUILT INTO EVERY KNIFE

The knife is the most important tool for both professional chefs and butchers. Victorinox aims to provide the best possible solution for our customers in terms of hygiene and food safety – from NSF certification to being able to identify each person's knives, as well as color-coding to differentiate between different food groups in keeping with the HACCP system.

QR-CODE

The identification of individual knives is now well established in the meat and food industries and has been identified as an important need. It is now compulsory for businesses to have a material management system which manages knives and tools in use.

Data on the user, company name and issue date can be accessed via a QR code, which can also help to facilitate entry and exit checks, both for knives and for personnel.

NSF/ANSI 2

NSF International is a recognized global independent organization whose responsibility lies in the development of public health standards and certification programs. Only products that meet NSF International standards are certified and must bear the NSF icon. All products that have been tested by NSF International in this catalog and meet the guidelines of NSF/ANSI 2 and all other applicable requirements are marked with the NSF icon.

HACCP CONCEPT (HAZARD ANALYSIS CRITICAL CONTROL POINTS)

Fibrox handles are made from thermoplastic elastomers (TPE). They feature excellent non-slip properties, can be used at temperatures of up to 80 – 110°C and can also be sterilized. These properties are ideal for ensuring their safe use in a professional environment. To make the different applications for all knives visible, we offer many Fibrox models in 6 colors. This corresponds to the internationally recognized HACCP system for risk management and safeguards a high level of safety in food processing.

We offer a choice of handle color. This is ideal for those using the knives professionally – knives can be color-coded according to their use, e.g. red handles for meat, green handles for vegetables etc. The colored handles can also be used to differentiate between e.g. the morning and the afternoon shift in a busy working environment.

DUAL GRIP

FIRST-CLASS HANDLE FUNCTIONALITY

- Ergonomically designed dual-component nonslip handle on every knife
- Swiss made professional knives expertly engineered with stainless steel blades for superior durability
- Specialist handle that's water and fat resistant for maximum product longevity

Introducing the meat processing professional's toolkit essentials. Our Dual Grip Knife collection is expertly crafted to deliver exacting precision with every slice. Constructed with ergonomically designed dual-component handles, these are knives that adeptly support the hand and wrist. The innovative dual grip technology underpins both the stability and efficiency of the entire knife collection. The result is effortless butchering even on the most heavy-duty workdays. Robust, efficient and engineered to comfortably withstand intensive loads, these are knives at the absolute apex of their game.

FIBROX

DESIGNED BY PROFESSIONALS, FOR PROFESSIONALS

- Nonslip handles guarantee safe work
- Exceptional edge retention for a long life-span
- Offering pronounced sharpness and maximum stability

Created with professional chefs in mind but used and loved by home cooks around the world as well, the Fibrox Collection offers optimal performance and precision cutting. Featuring nonslip ergonomic handles, these pieces support the hand and wrist, making cooking and preparing food a joy. Supersharpened stainless steel blades slice smoothly through even the toughest cuts of meat, while specific knives for tasks, like making pastry or filleting fish, take care of every aspect of culinary life.

SWIBO

SPECIAL HANDLES FOR MAXIMUM SAFETY

- With special handle shape for extra safe cutting
- Precision guarantees the perfect cut
- Easy visibility thanks to signal-colored handles

The Swibo Collection was created to optimize safety in the kitchen. In a busy working environment, it's easy for equipment to go unseen or be mis-used, which is why these knives feature a bold orange handle to signal their presence. For extra cutting security, the handle is extended toward the blade, giving greater control and precision, and the sharp, polished blade slices smoothly through whatever is put in front of it. It's a safety-conscious collection.

MICHELIN-STARRED CHEF AND VICTORINOX AMBASSADOR MARCO MÜLLER

Throughout his life – from childhood pocket knives to the blades he uses to create his award-winning dishes – chef Marco Müller has been a fan of Victorinox. “Cooking is a high-performance sport,” Marco says, adding that our premium, multifunctional kitchen knives have been a staple in his kitchen for 30 years. Marco also shares our vision of always wanting to improve on a great thing – an ideal ambassador for Victorinox!

Marco Müller
Chef, Berlin

WARRANTY AND SERVICE

Victorinox AG warrants to the end-user purchaser that the Victorinox product will be free from material or manufacturer defects that appear during the course of normal use of the product.

Your Victorinox product is covered by the Victorinox Lifetime Warranty and the Victorinox Two-Year Warranty as follows:

- The Victorinox **Lifetime Warranty** applies to knives, cutlery and tableware, personal care products, sharpening tools and kitchen utensils. For additional information about the Victorinox Lifetime Warranty (e.g. scope, eligibility, exclusions and limitations, remedy, warranty claim process), scan the QR code.

- The Victorinox **Two-Year Warranty** applies to electronic components, accessories, small leather goods, brand collection and third-party branded products. For additional information about the Victorinox Two-Year Warranty (e.g. scope, eligibility, exclusions and limitations, remedy, warranty claim process), scan the QR code.

CORPORATE BUSINESS **ICONIC DESIGN FOR THE KITCHEN**

Our household knives and accessories make thoughtful gifts your clients will love to use. Put a smile on their face with a personalized edition of a colorful set of kitchen tools or a precision chef's knife. Choose from laser engraving, etching and more to add your company's touch to these iconic products.

Your clients and employees will thank you right back.
