BEST PREPARED FOR EVERYDAY CHALLENGES

Living up to our legacy as Makers of the Original Swiss Army Knife™, we at Victorinox have made it our mission to best prepare you for everyday challenges through smart and masterful solutions.

Add that smart, masterful touch to your own brand with timeless gifts and giveaways that engage your clients, partners and employees in an emotional way as they highlight the hallmarks of your own distinctive brand. Add a personalization to each person's item for a unique touch they will cherish.

Our approach results in highly valued products in unmistakable design and uncompromising quality. These are pocket knives that automatically go into pockets and bags every day. They are the kitchen tools trusted for making every meal, timepieces and bags that travel with people every day, and fragrances that make them feel composed.

Victorinox corporate gifts will truly be appreciated, thanks to their intelligent multi-functionality and sophisticated style. These are treasured solutions that will make sure your customers are best prepared for their everyday challenges.

Because we truly believe

BEING PREPARED MAKES LIFE BETTER.

CARL ELSENER

CEO Victorinox

HISTORY

First Cutlery Workshop

Founder Karl Elsener

Mother Victoria

VICTORIA

Carl Elsener, Chief Executive Officer

- 1884** Karl Elsener I opens a knife cutler's workshop in Ibach-Schwyz. His mother Victoria actively supports him in his endeavors.
- 1891** Karl Elsener I establishes the Association of Swiss Master Cutlers and delivers the first major supply of soldier's knives to the Swiss Army.
- 1897** The "Original Swiss Officer's and Sports Knife" is patented. It is known around the world today as the Original Swiss Army Knife™.
- 1909** In memoriam of his mother, Karl Elsener I chooses her first name Victoria as the brand name and registers the emblem with the Cross&Shield as a trademark. Today it is a registered trademark in over 120 countries.
- 1921** The invention of stainless steel (Inox) is a highly significant development for the cutlery industry. The combination of the two words "Inox" and "Victoria" results in today's company and brand name – Victorinox.
- 1931** Carl Elsener II introduces automation. In 1931, Brown Boveri is commissioned to set up the world's first all-electric hardening plant in Ibach. This guarantees that all knives are of a consistent high quality.
- 1945** US soldiers stationed in Europe after World War Two buy it in large quantities and it is a popular souvenir to take home.
- 1950** Carl Elsener III takes over the company management.
- 1977** The Original Swiss Army Knife™ becomes an exhibit for design at the Museum of Modern Art in New York.
- 1979** Transformation of sole proprietorship "Messerfabrik Karl Elsener" into the family-owned company "Victorinox AG".
- 1984** The company doubles its manufacturing and office space.
- 1989** Market entry for "Watches" under its Swiss Army brand in North America with its former U.S. sales partner.
- 1993** Opening of the first sales subsidiary in Japan.
- 1994** Establishment of Carl and Elise Elsener Gut Foundation with the mission to support national and international charitable projects.
- 1999** Market entry for "Travel Gear" with the American TRG Group as licensee.
- 2000** Establishment of the Victorinox Foundation which holds 90% of the share capital of Victorinox AG. The remaining 10% belong to the non-profit Carl and Elise Elsener-Gut Foundation.
- 2001** Launch of a clothing line in the U.S. and opening of the first Victorinox store in Soho, New York.
- 2005** Acquisition of the long-standing Swiss Knife and watch manufacturer Wenger SA in Delémont. Wenger remains an independently operating subsidiary of Victorinox.

Nenad Mlinarevic, Swiss Chef and brand ambassador for household and professional knives

Watches since 1989

Travel Gear since 1999

Fragrances since 2007

2022: 125 Years SAK Anniversary

- 2007** Carl Elsener IV takes over the company management and further expands Victorinox as a global multi-product brand.
Establishment of Victorinox Swiss Army Fragrance AG.
- 2008** Opening of the first European Victorinox flagship store in London.
- 2011** Opening of the Swiss Knife Valley Visitor Center in Brunnen, Switzerland.
- 2013** Integration of the Wenger Knife business into the Victorinox brand.
- 2014** Acquisition of the travel gear business from previous licensee and establishment of the new business unit Victorinox Travel Gear AG.
Opening of a store at a prime location in the city center of Zurich.
- 2016** Construction of the Watch Competence Center in Delémont, Switzerland.
- 2017** Discontinuation of Apparel to focus on the core product categories. Production of 500-millionth Original Swiss Army Knife™.
- 2020** Opening of the new distribution center in Seewen, Switzerland.
Acquisition of Zena Swiss AG, traditional Swiss manufacturer of the economy peeler.
Opening of first European Victorinox Franchise Store in Vienna
- 2022** 125th Anniversary of the "Original Swiss Officer's and Sports Knife"

SWISS BRAND OUR STORY

When our founder Karl Elsener opened his cutler's workshop in 1884 in Ibach, Switzerland, little did he know that the Swiss Army Knife™ he would soon create would become a global icon of preparedness, not only finding its way into everyday life but even into outer space.

But that's just how life goes: You never know what's coming. All you can do is make sure you are best prepared for whatever comes your way.

Living up to our legacy as Makers of the Original Swiss Army Knife™, we at Victorinox have made it our mission to do exactly that. To best prepare you for everyday challenges.

That's why we responsibly seek well-thought-out solutions that simply serve their purpose expertly. Why we effectively and efficiently deliver uncompromising quality down to the last detail and pursue excellence in everything we do. And why we deliver reliability and authentically Swiss mastery.

So that every single product that bears our famous Cross&Shield – from our Swiss Army Knives and Cutlery to our Watches, Travel Gear and Fragrances – is crafted to perfection.

We do this because we truly believe

BEING PREPARED MAKES LIFE BETTER.

WHAT OUR BRAND STANDS FOR

How do we help people prepare for whatever comes their way? Through smart and masterful solutions. Because this is how we work and live ourselves.

And that is why we deliver reliability and authentically Swiss mastery in our Swiss Army Knife™ and cutlery, build our watches with intelligent features to suit every situation, design our smart, organized travel solutions with every need and itinerary in mind, and in our fragrances, we use pure, natural-origin ingredients capturing long-lasting scents of Swiss nature.

BEST-PREPARED

We are reliable, always delivering an expertly selected range of premium products, dedicated to every need and situation – effectively and efficiently. Our solutions are portable and versatile, with compact, intelligent functionality, where each function performs efficiently.

SMART

We care about the details, striving for perfection and simplicity. So that everything is well-thought-out and designed to serve its purpose. That design reaches as far as personalization as well: special touches can be added to many of our products to match different characters.

MASTERFUL

We are authentically Swiss, mastery and craftsmanship are part of our DNA. With expertise collected and passed on for generations, craftsmanship is a true Victorinox skill. This means we can offer uncompromising precision thanks also to best-in-class materials.

WHAT WE DO FOR SUSTAINABILITY

WE ARE COMMITTED TO INNOVATION, TO CONTINUOUSLY IMPROVING OUR CONTRIBUTION TO A BETTER WORLD

ENVIRONMENTAL – CAREFUL USE OF RESOURCES

We care about the environment, and we reflect that in every aspect of our business. Like using resources wisely to reduce our environmental impact:

Product development: recycled materials for high-quality products

Our core product, the Swiss Army Knife™, is made of up to 85% recycled steel, depending on the availability of scrap steel. Based on this, we are gradually transferring the use of recycled materials to our other product categories.

Product packaging: minimal and recyclable

The guiding principle for our packaging is to use only as much as absolutely necessary. A significant portion is recyclable. We use up to 90% recovered paper in our cardboard packaging, ensuring it's made from 100% chlorine-free bleached paper.

Product lifecycle: long-lasting and repairable

We are so confident about the high quality of our products that we offer a lifetime warranty on our knives, and the warranties on both our travel gear and watches exceed industry standards. For everything else, we offer comprehensive repair and refurbishing options, so the product's lifetime can be extended as long as possible.

Operations: energy-saving and innovative

Across our production sites and offices in Switzerland, we actively seek to reduce our operational footprint. For example: by optimizing waste heat utilization in our production facilities with heat pumps, and through heat recovery from our ventilation and closed-loop cooling systems, we keep our head office in Ibach and 120 nearby apartments warm.

We're pioneers in recycling grinding sludge, having developed a special process to filter steel residue out of the cooling water. We collect around 600 tons of grinding sludge and up to 1,000 tons of scrap steel each year at our premises, returning it to the plant so it can be re-made into steel.

We've installed photovoltaic panels at our Swiss sites, which partially power our facilities while compensating for around 500 tonnes of CO₂ per year.

SOCIAL – STRONG COMMITMENT TO SOLID VALUES AND BUSINESS ETHICS

We are a family business with a long history and a clear vision. Our values guide everything we do, from how we treat our employees, partners, suppliers, colleagues and customers, to how we contribute to society and the environment:

- **Employees:** attractive jobs, fair salary, generous benefits and training opportunities
- **Partners and suppliers:** long-term partnerships, genuine commitment to social and environmental responsibility
- **Support for the Global Climate Expedition:** inspiring young people to save our planet

ECONOMIC – SECURING THE FUTURE OF THE COMPANY

We are an independent family company with a sustainable approach. We have taken steps to ensure the long-term stability and success of our company:

Victorinox Corporate Foundation: resolving succession issues and protecting jobs

Victorinox AG is an independent family company. The Victorinox Corporate Foundation was created in 2000 to resolve future succession issues, secure the company during unfavorable economic times and protect jobs in the long term.

Carl and Elise Elsener-Gut Foundation: supporting charitable projects

The Victorinox Corporate Foundation holds 90% of company shares. The remaining 10% are held by the non-profit Carl and Elise Elsener-Gut Foundation, which was created by the father of our current CEO and supports selected charitable projects both within Switzerland and abroad.

“ Living up to our legacy as Makers of the Original Swiss Army Knife™, our aim naturally is to be successful over the long term by providing compelling products and services on the global market. But protecting and preserving the world for future generations is just as important. We therefore see it as our responsibility to make sure our operations and those of our suppliers support economically, environmentally and socially sustainable goals. ” Carl Elsener, CEO Victorinox AG

MORE THAN 100 YEARS OF EXPERIENCE IN MANUFACTURING CORPORATE GIFTS

Our products are the perfect way to say "Thank you" to your customers. Put a smile on their face with a personalized edition of our little red pocket knife, a colorful set of kitchen tools, an elegant watch for all occasions, a smart travel bag that holds everything they need, or a fragrance that reflects the nature and modernity of Switzerland. They'll thank you right back.

HIGH-QUALITY AND STYLISH

Corporate gifts are only effective if they are clearly of high value. The materials we use to make our products are of premium quality and manufactured at outstanding levels of precision. The high quality of Victorinox products not only comes through in their visual design, you can feel it when you hold one in your hand.

POPULAR

We have fans all around the world. People who appreciate that our products are innovative, multifunctional creations wrapped in elegant design. The "must-have" aspect they exude means they make a prized corporate gift for your clients – one they will proudly show off to friends.

WELL-KNOWN

Our brand is not just known all around the world, it is known for its top quality and for over one hundred and thirty years of history and tradition in Switzerland. This tradition continues, and our headquarters are still located in the same town where it all started, to make sure we support our origins and uphold our excellent reputation.

MULTI-TALENTED

Thanks to our wide range of pocket knives, cutlery, watches, travel gear and fragrances, we have a corporate gift solution for every customer: from functional gift ideas to exclusive brand ambassadors. And our many options for colors, tools, design and customization mean we can create the right combination to match your budget and corporate image. A special product inspired by iconic design.

DURABLE

We make sure our products do what they promise to do and we make sure they will last for years. Warranties and guarantees on products fit in with our belief that the courage to be generous is a unique selling point. We do this to create consumer trust and strengthen the brand.

TIMELESS

The Swiss Army Knife™ is displayed in New York's Museum of Modern Art as an example of perfection in design, and Victorinox products are proud recipients of a number of design awards design icons.

CASE STUDIES

OUR SUCCESS STORIES

We are there with you from the start: from professional advice to design, prepress, production and labeling. The following is just a small selection of products we have created for our clients:

SCANIA (SWEDEN)

About the client:

Scania is a global company that sells trucks, buses and services in 100 countries.

Requirements:

A pocket knife for "SCANIA Truck gear & selection 2018", with its legendary radiator grille included in the design.

Implementation:

Digital Haptic 3D printing allowed us to highlight the legendary grille, both visually and as texture. We also added Scania's logo to the knife and the gift box.

MSD ANIMAL HEALTH (SWITZERLAND)

About the client:

MSD Animal Health has been successfully active in veterinary medicine since 1922.

Requirements:

A Swiss Classic Tomato Knife as a customer give-away, with the handle of the knife in MSD's unique blue-green color.

Implementation:

We applied the plastic injection molding we use to make knife handles to match the color exactly, and engraved MSD's unmistakable logo onto the blade.

SORELL HOTELS (SWITZERLAND)

About the client:

Sorell Hotels Switzerland is the largest hotel group in Swiss ownership, with 3 and 4-star hotels throughout Switzerland.

Requirements:

Victorinox backpacks for guests to use during their stay at nine Sorell Hotels.

Implementation:

We digitally printed the hotel group's logo onto a simple black ingot, which we applied on the Altmont Original Slimline Backpacks for an aesthetic, stylish look.

PORSCHE (SWITZERLAND)

About the client:

Porsche is a world-renowned automotive company. The Porsche Zentrum Oberer Zürichsee is located in Feusisberg above Lake Zurich.

Requirements:

Watches with a personalized engraving as gifts for its employees.

Implementation:

We engraved each watch with the name of the employee and the claim "Strong Brand – Strong Team – it's great that you're part of it, Porsche Zentrum Oberer Zürichsee".

CORPORATE BUSINESS
SWISS ARMY KNIVES

SWISS ARMY KNIFE™ SEGMENTATION

We know navigating different product categories can be confusing. Which is why we've simplified our Swiss Army Knife™ portfolio segmentation – so our consumers will be able to find exactly the right knife.

Our consumer-focused structure divides knives into four categories, or segments, depending on where and how they'll be used: Everyday, Outdoor & Sports, Trades & Crafts, and Accessories. Within each category, you'll find sub-segments that focus on a specific use.

The **Everyday** segment includes products that make daily life easier, whether that's commuting to work, preparing food or enjoying family time. These are then subdivided into Essentials, Personal Care, and Food and Drink. They feature functions like a simple blade, nail file, USB stick, bottle opener, cheese blade and corkscrew.

The **Outdoor & Sports** segment is divided into Outdoor and Sports. These are knives for activities such as hiking, camping, wood carving with kids, hunting and sailing. Here you'll find specific functions like a wood saw, gutting blade and marlin spike.

TRADES & CRAFTS

Within the **Trades & Crafts** segment are the subsegments Trades & Crafts, and Gardening. These products build, cut, mend and create with precision and skill, with tools like pliers, a metal file, a pruning blade, bits and flower knives to meet any craft challenge.

Finally, the **Accessories** segment contains the following sub-segments: Pouches, Chains & Paracords and Knife Care. Products in this segment perfectly complement and enhance Swiss Army Knives and multi-tools.

Our intuitive structure means our consumers can logically work their way through the segments to find the product they are looking for. They need to establish only where and how the knife will be used, to locate the ideal one. Simple.

ACCESSORIES

SWISS ARMY KNIVES SUB-SEGMENTS

EVERYDAY

Essentials

The iconic originals, the classic pocket knives that go with you everywhere, every day.

Personal Care

The companions for simple grooming, whenever and wherever you need them.

Food & Drink

The pocket knives that make sure you're prepared for every snack and gourmet treat.

OUTDOOR & SPORTS

Outdoor

The must-haves with the strength and functionality to take on the dynamic of the natural outdoors.

Sports

The pocket knives that enhance outdoor sports with durable, reliable tools and functions.

TRADES & CRAFTS

Trades & Crafts

The smart tools with a multitude of functions, for everyone who loves to build, mend, improve and create.

Gardening

The green thumb cultivators, for creating stunning floral displays and mastering any horticultural task.

ACCESSORIES

Pouches

The pouches that keep our multi-tools and pocket knives safe, protected and right where you need them.

Chains & Paracords

The smart little extras that make our pocket knives and tools easy to carry.

Knife Care

The accessories that enhance and maintain all our multi-tools.

EIGHT WAYS TO CUSTOMIZE POCKET KNIVES

Personalization offers customers and employees an emotional way to engage with your brand. Thanks to our eight customization options, you can turn an iconic tool into a special pocket knife that reflects the characteristics of your own brand – adding even more value to an already coveted item.

TAMPON PRINTING

Around 90% of Victorinox printing projects are done using tampon printing with up to six colors. This method also allows metallic colors such as gold and silver to be printed.

DIGITAL PRINTING

Digital printing is best suited to large and/or detailed prints. It is particularly useful for high-quality color gradients.

DIGITAL HAPTIC 3D PRINTING

Digital Haptic 3D printing and the use of transparent varnish bring sublime surfaces to the fore and leave them feeling as real as leather or other textiles. This process combines all the advantages of regular digital printing with a new, tactile 3D experience.

ETCHING

This is the perfect procedure for permanently decorating all blades and Swiss Tool scales. The inscription is done through electrolytic oxidation (electrolyte and etching current). The etching appears in anthracite or dark grey and offers outstanding durability.

METAL INLAY

Logos and wordings are created from thin steel inlays and then pressed into scales under high pressure and heat. This method ensures a durable, resistant and high-quality look. It's suitable for all models with opaque Cellidor scales in blue, black, white, red and yellow. However, it can't be used for transparent scales, scales with LED switch or scales including ballpoint pen.

ENGRAVING

With this classic technique, a tool cuts the letters into the material. On synthetic materials surfaces the engraving is then filled with a contrasting color. Logos and lettering are also possible for diamond engraving on Swiss Tools. Suitable for small runs.

LASER ENGRAVING

Laser engraving is particularly useful due to its durability. It allows for very precise implementation of individual surface layers and when it comes to wood, exacting contours and a fine relief.

IMPRINT ON ALOX SCALES

A silicone stamp is used to transfer ink from the etched steel printing block to electro-chemically treated and thus microscopically porous aluminum scales. The surface is then sealed and the ink particles become enclosed in a wafer-thin anodized layer which is extremely scratch and impact-resistant.

EVERYDAY

COMPACT POCKET KNIVES FOR EVERYDAY LIFE

- Compact, practical helpers for everyday tasks
- With a range of simple yet useful functions and tools
- Offer reliability and preparedness, whatever life brings

Practical and compact, the Everyday segment is all about helping make everyday life run more smoothly. Whether you are commuting to work, spending time with family and friends or preparing a tasty snack on the go, these knives are packed with handy functions and clever tools. They are designed to be daily essentials, solving problems as they arise and with ease. With an Everyday knife, you are always prepared and feel confident you can tackle whatever life brings.

OUTDOOR & SPORTS

EXPERT KNIVES FOR OUTDOOR ACTIVITIES

- Strong, reliable knives with clever functions
- Ensure you're prepared for outdoor and sporting activities
- Designed and developed by experts to deliver high performance

From rugged terrain to tranquil countryside, the Outdoor & Sports segment houses our knives that are designed for activities in the fresh air. With a wide assortment for outdoor activities, like fishing, camping or hiking, as well as for sports like hunting, sailing or golf, it's the perfect choice for those seeking reenergizing outdoor experiences and a connection with nature. Whether you need a dedicated blade for gutting or a woodsaw for bushcrafting or carving with kids, there's an effective tool waiting to lead the way.

CORPORATE BUSINESS
HOUSEHOLD KNIVES

THREE WAYS TO CUSTOMIZE YOUR KITCHEN KNIVES AND UTENSILS

Add your brand to our kitchen tools with personalization that engages your clients, partners and employees in an emotional way. Apply one of these three finishing options to create a valuable union between our sought-after products and your distinctive corporate identity.

ETCHING

This is the perfect procedure for permanently decorating all blades. The inscription is done through electrolytic oxidation (electrolyte and etching current). The etching appears in anthracite or dark grey and offers outstanding durability.

LASER ENGRAVING

Laser engraving is suitable for a range of surfaces. On wood and grip, this method creates a perception of depth that can also be felt by touch. On metal, the lettering and logos appear on the surface in anthracite or grey. In general, laser engraving features a high level of wear-resistance.

TAMPON PRINTING

Around 90% of Victorinox printing projects are done using tampon printing with up to six colors. This method also allows metallic colors such as gold and silver to be printed.

SWISS CLASSIC VIBRANT TOOLS FOR EVERY APPLICATION

- Light, agile and colorful knives made in Switzerland
- Ergonomically shaped handles for effortless work
- With stainless steel, dishwasher-safe blades

Every kitchen task, from the minute to the mammoth, was considered in the development of the Victorinox Swiss Classic Collection. These Swiss made pieces are lightweight and dishwasher safe, crafted from high quality stainless steel. To add a pop of freshness and color to the kitchen, there is a choice of vibrant-toned handles. A collection that combines functionality with fun, it also offers a range of useful gift sets. There's nothing this versatile collection doesn't cover.

SWISS MODERN

HEAVENLY CONNECTIONS OF PRECISION AND DESIGN

- The perfect companion for everyday kitchen tasks
- Elegant design in walnut wood and on-trend pastels
- Features Swiss made durable stainless steel blades

Elegant design meets knife-edge precision in the Swiss Modern Collection. Every blade is formed of wear-resistant stainless steel to enable effortless cutting. Crafted with richly grained, unique handles in warm European walnut wood or with synthetic handles in vibrant colors or classy black, these pieces are ergonomically shaped to keep the hand comfortable during repeated chopping or slicing tasks. This standout collection marks a contemporary update of mankind's most important tool.

WOOD

NATURALLY CONVINCING AND SMART KNIVES

- Robust wooden handles with a unique grain
- Easy handling for effortless work
- Ergonomically designed with resilient materials

The Wood Collection from Victorinox combines ergonomic handles in naturally strong, visually appealing wood with ultra-sharp, efficient stainless steel blades. Used for centuries as an ideal material for knife handles, wood is highly robust, warm to the touch and gives each piece a unique patina. This range consists of elegant knives for every culinary task, from pastry making to Steak Knife sets.

CUTTING BOARDS

A SUPERIOR SURFACE TO SLICE ON

- Crafted from a super hard-wearing paper composite
- Blade-friendly material retains optimum knife edge and delivers superior cutting precision
- Heat resistant up to 175°C/350°F and dishwasher safe

Every busy home kitchen needs efficacious cutting boards that deliver 24/7. Victorinox is the discerning choice for any keen cook, thanks to a wealth of problem-solving technical features. The boards are crafted from a high-spec paper composite that mimics the aesthetic of natural wood, yet delivers impeccable durability in super lightweight form. The heat-resistant credentials are notable too, providing guaranteed protection at temperatures up to 175°C. Being dishwasher safe is a standard feature of these cutting boards – they belong in every fast-paced home kitchen.

**CORPORATE BUSINESS
WATCHES**

THREE WAYS TO CUSTOMIZE YOUR WATCHES

The wide, comprehensive range of Victorinox Watches is complemented by perfectly matched, customized upgrade options. The main focus of our products is premium quality, to make them leave a lasting impression.

TAMPON PRINTING ON DIAL

Around 90% of Victorinox printing projects are done using tampon printing with up to six colors. The color is lifted with an elastic stamp from a steel plate (with an etched-in image) and transferred to the dial to be printed. This method also allows metallic colors such as gold and silver.

1 LASER ENGRAVING ON CASE BACK

Laser engraving creates a perception of depth, making it perceptible to the touch. On metal, the lettering and logos appear on the surface in anthracite/grey. In general, the laser engraving features a high level of wear resistance.

2 LASER ENGRAVING ON CASE LEFT SIDE

The left side of the case is also perfect for laser engraving. Show appreciation and further boost your business relationships with this more visible location – it makes your message really come through.

JOURNEY 1884

EMBARK ON A JOURNEY OF DISCOVERY

- ISO shock- and 200 m water-resistance
- ISO norm antimagnetic protection
- Versatile tool-free changeable strap

Inspired by Switzerland's love of hiking, the Journey 1884 perfectly blends the spirit of the outdoors with its engineering DNA. The Swiss Army Knife-influenced counterweight and the engraved material code reflect its industrial heritage, which is underscored by the foundation date. Antishock and antimagnetic resistance ensure accuracy, and the easy-change strap adds versatility to its credentials list. High quality materials, clever design detailing and innovative functions make this an essential companion on life's big adventure.

**CORPORATE BUSINESS
TRAVEL GEAR**

SIX WAYS TO CUSTOMIZE YOUR LUGGAGE

Enrich our travel gear with your logo, corporate identity or personal message. With six different techniques to choose from for specific types of materials, we'll make sure our premium products enhance your promotional gifts. Let your brand travel with Victorinox.

EMBROIDERY

Embroidery is our preferred method of personalization for soft travel gear. Using specific color threads and stitches, your logo can be re-created perfectly. It produces a high-quality finish that is durable and stands the test of time.

THERMAL-TRANSFER PRINTING

Thermal-transfer printing is available for selected lifestyle accessories and backpacks. Add your company logo with a high-quality thermal-transfer print.

DIGITAL PRINTING ON INGOTS

We offer elegant ingot plates that can be enhanced by digital printing. They can be placed on the majority of items, in a pre-determined area. Ingots are available in sizes 3 x 3 cm and 5 x 3 cm with black or brushed silver finish.

1 LASER ENGRAVING ON INGOTS

These stylish ingots can also be personalized with laser engraving on most of our products, also in a specific place set aside for them. Laser-engraved ingot plates are available in sizes 3 x 3 cm and 5 x 3 cm with black or brushed silver finish.

2 LASER ENGRAVING ON LEATHER

Laser engraving precisely embosses your lettering, logo or image onto leather. The process seals the engraving by burning it in and is extremely well-suited for leather, because it can be processed quickly with fine details.

TAMPON PRINTING ON SWISS ARMY KNIFE SCALE

A tampon-printed, personalized Swiss Army knife scale can also be attached to our travel gear, either directly onto the product, or separately in the form of an ID tag. Whether it requires spot color printing using up to 6 colors, or 4-color photo printing (CMYK), your logo will meet your CI guidelines exactly.

RECOMMENDED CUSTOMIZATION AREA

The red rectangle in the image on the right indicates the area we have set aside on our travel gear for customization. Central and distinct, it offers a clear view of your logo or personal message.

SPECTRA 3.0

SEE WHERE INNOVATION CAN TAKE YOU

- With SORPLAS™ recycled polycarbonate shell

TRAVEL GEAR

ALTIUS SECRID

EXPECT THE UNEXPECTED

- Quick access
- Fits every pocket
- Protects personal data

With the Altius Secrid wallet collection, we've perfectly combined security and style. This joint product development project with the Dutch brand Secrid culminated in these functional, practical and timeless wallets. Bringing Victorinox branding, expertise and quality to Secrid's award-winning aluminium card protector, the collection offers RFID protection and slimline storage for up to 8 cards (depending on the product). The aluminium component stops cards from breaking or bending, while premium materials and a streamlined silhouette make it the perfect accessory for a simpler everyday.

FRAGRANCE

VICTORINOX FRAGRANCES LET US TAKE YOU ON A JOURNEY

- Aromatic gifting inspired by the freedom and natural beauty of the Swiss landscape
- Expertly crafted fragrances created in collaboration with the world's most accomplished perfumers
- Composed and bottled in Switzerland from the finest quality raw materials

Choose from various individual fragrances for women and men: the Heritage Collection strikes a perfect balance between timeless Swiss refinement and an all-encompassing feeling of freedom; the Signature Collection offers men the intensity of elements such as rock or steel, and our women's scents capture the magical moments inspired by Swiss landscapes. As the iconic Swiss brand, Victorinox develops and produces fragrances in the heart of Switzerland – with a focus on Swiss premium and natural origin ingredients as well as crueltyfree, vegan formulations.

CUSTOMIZATION

Each fragrance can be fully customized with a sleeve for a premium gifting experience for your clients, partners or employees. Add your corporate identity to this elegant package and along with a special message of appreciation.

Give away the olfactory essence of Switzerland, let us take you on a journey.

VICTORINOX
GUARANTEE AND WARRANTIES

GUARANTEE AND WARRANTIES

EXCELLENCE IN CUSTOMER SERVICE

SWISS ARMY AND HOUSEHOLD KNIVES

Victorinox AG warrants to the end-user purchaser that the Victorinox product will be free from material or manufacturer defects that appear during the course of normal use of the product.

Your Victorinox product is covered by the Victorinox Lifetime Warranty and the Victorinox Two-Year Warranty as follows:

LIFETIME WARRANTY

The Victorinox Lifetime Warranty applies to knives, cutlery and tableware, personal care products, sharpening tools and kitchen utensils. For additional information about the Victorinox Lifetime Warranty (e.g. scope, eligibility, exclusions and limitations, remedy, warranty claim process), scan the QR code.

TWO-YEAR WARRANTY

The Victorinox Two-Year Warranty applies to electronic components, accessories, small leather goods, brand collection and third-party branded products. For additional information about the Victorinox Two-Year Warranty (e.g. scope, eligibility, exclusions and limitations, remedy, warranty claim process), scan the QR code.

WATCHES

FIVE-YEAR WARRANTY +

Victorinox watches are covered by our Five-Year Warranty +, which exceeds the industry average. The comprehensive processes implemented by our quality team makes it possible for us to offer this extended warranty. Victorinox watches are subjected to rigorous testing and numerous quality controls before they are distributed. This warranty offers specific legal rights; other rights may also apply that vary from state to state or country to country.

TRAVEL GEAR

1 + 10 YEARS WARRANTY

During the first twelve months of ownership, your product is covered by the Victorinox Total Protection Program. This includes manufacturing defects, normal wear and tear, airline handling and transit damage. From the beginning of the second until the end of the eleventh year of ownership, your product is covered by the Victorinox Quality Warranty Program. This includes manufacturing defects and normal wear and tear with the exceptions of seams, stitching, fabric and zipper tape.

GLOBAL TWO-YEAR LIMITED WARRANTY

Products covered by the Global Two-Year Limited Warranty are guaranteed to be free from manufacturing defects in materials and workmanship for two years from the date of original purchase. If such a defect appears during the warranty period, Victorinox will repair the product or replace it, as appropriate and at our discretion, with the same or an equivalent model, free of charge.

CUSTOMIZE A CORPORATE GIFT IN THREE SIMPLE STEPS

1

MATCH A PRODUCT TO EVERY BRAND AND BUDGET

Choose from a wide variety in our four key product categories and every price range: Swiss Army Knives, Cutlery, Watches and Travel Gear.

2

CUSTOMIZE IT

Look through our extensive customization options. Pick a color, upload the company's logo, add accessories and special packaging. And get a virtual mock-up of the design with high-quality graphics in minutes.

3

SEND IT IN TO OUR CORPORATE BUSINESS TEAM

Everything just the way you want it? Submit your design to us with just one click or use the design for your next sales pitch. We look forward to working with you.
